The Super Summary of World History Revised Alan Dale Daniel BA MBA JD, 2008-10-20 The Super Summary of World History is a very compact history of the world emphasizing western culture and political processes The Super Summary is for the thinking person This new history raises exciting questions and puts events into new perspectives to stimulate real thinking about history rather than accepting that the past is set in stone History isn t just names and dates but a range of decisions and actions that often turn on the smallest circumstance The Super Summary analyzes a few events in depth but most are put into their historical framework so the reader can discern where and how all of this action escorts us to the present day If history seems dull pick up The Super Summary to discover that Western History is alive with controversy and consequence

A Letter to Sir James Murray Hui-Shin Wong, 2021-02-09 A Letter to Sir James Murray is a book that illustrates the research output of an aspiring entrepreneur Hui Shin Wong who has spent about 20 years to understand a few collection of voices and comfort zones from the people who are living in the humble society including the poor the ordinary the slaves the local graduates and the easterners from all poor countries and developing countries and the non IT savvy individuals These humble society individuals were frustrated and angry with sorrow tears during their sleeping time after they were shouted some negative

words in Oxford Dictionary by the people who were not within their society A list of riots and assassination happened as well as the number of people with depression is increasing A revolution of new era definition of some words are redefined the learning of acronyms are suggested to be eliminated in the education system and a collection of the five scaled score weighted word lists are introduced instead of only positive and negative words to illustrate any words related to any people s status of the society

Precolonial African Material Culture , V. Tarikhu Farrar,2020-01-20 The idea of an inherent backwardness of technology and material culture in early sub Saharan Africa is a persistent and tenacious myth in the scholarly and popular imagination Due to the emergence of the field of African studies and the upsurge in historical and archaeological research in recent decades the stridency of this myth has weakened and the overtly racist content of arguments mustered in its defense have tended to disappear But more important are transformations in social political and cultural consciousness which have worked to reshape conceptualizations of African peoples their histories and their cultures Precolonial African Material Culture offers a thorough challenge to the myth of technological backwardness V Tarikhu Farrar revisits the early technology of sub Saharan Africa as revealed by recent research and reconsiders long possessed primary historical sources He then explores the ways that indigenous African technologies have influenced the world beyond the African continent
