Two Gulzar,2017-11-25 It s the winter of 1946 A truck leaves the village of Campbellpur after news of the impending Partition pours in It is carrying people who don t know where they will go They have just heard words like border and refugee and are struggling to understand how drawing a line might carve out Pakistan from Hindustan As they reach the border the caravan disperses and people go their own ways

Gulzar's first novel tracks the lives of the people in that truck right from 1946 up to the Kargil war. A novel on what the Partition entailed for ordinary people. Two is also a meditation on the fact that the division of India and the carnage that followed once set into motion kept happening inexorably and ceaselessly and people like those who left their homes on that truck never found another home they kept looking for a place called home a place to belong to.
