Lord Kelvin And The Age Of The Earth:

Lord Kelvin and the Age of the Earth Joe D. Burchfield, 2009-05-11 Burchfield charts the enormous impact made by Lord Kelvin's application of thermodynamic laws to the question of the earth's age and the heated debate his ideas sparked among British Victorian physicists, astronomers, geologists, and biologists. Anyone interested in geologic time and that should include all geologists and a fair smattering of biologists, physicists, and chemists should make Burchfield's commendable and time-tested volume part of their personal library.
