Wiley, 1993-04-05 Revised and expanded this edition contains updated information on accounting and tax provisions finance available real estate software and financial calculations Features a new chapter on real estate applications of the latest spreadsheet software including Quattro Pro 3 0 The accompanying disk includes appraisal and multi component investment analyses loan amortization schedules a refinancing model four graphs and more Foundations of Recreational Service Management Jay S. Shivers, 2021-02-10

This thorough text introduces students to the principles and ways of management in public recreational service. It includes a history of the modern recreational service movement, a general overview of the field, and a detailed guide to best practices in leadership, coordination, public relations, planning, and budgeting. Tips on how to find the best service possible in one's community are offered, and the complex relationship between public recreational services and politics is also discussed. Other topics range from staff organization to evaluating the effectiveness of a recreational program.

Cost Management and Control in Government Dale R. Geiger, 2011-06-19 Government organizations spend enormous amounts of money. They employ a large percentage of the work force. They have an undeniably huge impact on the national economy and wealth. Yet they are for the most part unmanaged. What passes for management is a combination of oversight and audit. Oversight is primarily reactive, offering negative feedback for failures and demanding additional rules and regulations to prevent reoccurrences. Audits look for bright line discrepancies and clear violations to those rules and regulations. Government operations are often criticized for waste and mismanagement. Yet the current situation unfortunately can best be described as one of unmanagement rather than mismanagement. Government can run better. The purpose of this book is to look at how government can move from rule-driven to leadership-driven management. Specifically, it will document and discuss specific examples of successful cost-informed decision making and cost management and control in government. It will also delineate the requirements of such success and explore the special needs of transforming the management culture of government from its well-embedded past practices to a new paradigm of leadership-driven management.

Employee Benefits Design and Compensation (Collection) Bashker D. Biswas, 2014-05-29 A new collection of best practices for designing better compensation and benefit programs. 2 authoritative books now in a convenient e-format at a great price. 2 authoritative eBooks help you drive more value, efficiency, and competitive advantage from compensation and benefits programs. Compensation and benefit programs are the largest expenses in most organizations. In service organizations, they often represent more than 50% of total costs. In this unique 2-eBook package, leading consultant Bashker D. Biswas helps you systematically optimize these programs to maximize value, efficiency, and competitive advantage. In *Employee Benefits Design and Planning*, Biswas brings together all the knowledge you need to make better benefits decisions. He introduces core principles for ensuring proper financing, funding, compliance, and recordkeeping; accurate actuarial calculations; and effective employee communication. Building on these principles, he guides you through benefits ranging from healthcare and disability insurance to retirement and cafeteria plans. You'll find up-to-date discussions of complex challenges such as the Affordable Care Act and global benefits planning. Throughout, he offers essential insights for managing rising costs and risks while ensuring that benefits programs improve productivity, reflect best practices, and align with your organization's strategy and goals. Next, in *Compensation and Benefit Design*, Biswas helps HR professionals bring true financial and accounting discipline to compensation and benefit design, tightly align talent management to strategy, and quantify program performance in the
