Monolingualism Of The Other Or The Prosthesis Of Origin:

Monolingualism of the Other Jacques Derrida, 1998 I have but one language yet that language is not mine This book intertwines theoretical reflection with historical and cultural particularity to enunciate then analyze this conundrum in terms of the distinguished author's own relationship to the French language Its argument touches on several issues relevant to the current debates on multiculturalism

El monolingüismo del otro o la prótesis de origen Jacques Derrida, 1998 I have but one language yet that language is not mine This book intertwines theoretical reflection with historical and cultural particularity to enunciate then analyze this conundrum in terms of the distinguished author's own relationship to the French language Its argument touches on several issues relevant to the current debates on multiculturalism

Utopia of Understanding Donatella Ester Di Cesare, 2012-06-28 Speaking and understanding can both be thought of as forms of translation and in this way every speaker is an exile in language even in one's mother tongue Drawing from the philosophical hermeneutics of Martin Heidegger and Hans Georg Gadamer the testimonies of the German Jews and their relation with the German language Jacques Derrida's confrontation with Hannah Arendt and the poetry of Paul Celan Donatella Ester Di Cesare proclaims Auschwitz the Babel of the twentieth century She argues that the globalized world is one in which there no longer remains any intimate place or stable dwelling Understanding becomes a kind of shibboleth that grounds nothing but opens messianically to a utopia yet to come

Samuel Beckett and the Prosthetic Body Y. Tajiri, 2006-11-22 This book studies the representation of the body in Beckett's work focusing on the prosthetic aspect of the organs and senses While making use of the theoretical potential of the concept of prosthesis it aims to resituate Beckett in the broad cultural context of modernism in which the impact of new media and technologies was registered

Ethics of Alterity Jörg Sternagel, 2023-04-04 Providing a solid media philosophical groundwork the book contributes to the theory of alterity in Performance Philosophy while stimulating and inspiring future inquiries where studies in media art and literature intersect with philosophy It collects a selective as well as productive diversity of philosophical literary and artistic figures of thought attaining an exacting framework as a result of a clearly elaborated ethics of alterity innovatively opened up by way of an aesthetics of existence Touching upon the Aristotelian concept of aisthesis the material perceptual and sensory dimensions of everyday bodily existence are highlighted to move beyond what aesthetics in Modern Philosophy just specializes in namely art and the beautiful The notion of existence is therefore borrowed from Maurice Merleau Ponty who understands it as something concrete and richly interrelated so as to avoid the dualisms both of psychological processes of consciousness and of physiological mechanisms It is thus made explicit such that the unity of body and soul is not any arbitrarily arranged connection between subject and object but rather that it is enacted at every instant in the movement of existence Imaginatively then the book puts into writing how alterity not only can be treated theoretically but can be also made accessible through writing as well as rendered relatable through reading That is why it deals with exemplary interpersonal

encounters in the lifeworld in the arts and in the media which are initially thematized as intercorporeal experiences so as to enable an approach for an ethics of alterity by way of in particular sites located within a phenomenology of perception oriented towards the lived body

Jacques Derrida on the Aporias of Hospitality Gerasimos Kakoliris, 2024-05-26 The book systematically presents Derrida's views on hospitality as reflected in his texts and lectures from 1995 until his death in October 2004. Derrida's engagement with hospitality is perhaps the most important and extensive philosophical attempt to respond critically to the growing hostility of many governments worldwide towards specific categories of foreigners such as refugees and immigrants. Particular emphasis is placed on the aporetic nature of hospitality that Derrida describes namely that on the one hand the provision of hospitality brings us face to face with the hyper ethical law of unconditional hospitality which requires the unconditional reception of the other i.e. the provision of hospitality to the foreigner without conditions restrictions or expecting anything in return. On the other hand the provision of hospitality forces us to face the conditional laws of hospitality which while establishing a right to and a duty of hospitality simultaneously restrict hospitality by setting conditions for the arrival and stay of the foreigner. The book also analyses the decision and the event of hospitality as well as the unresolved aporia at the heart of the ethics of hospitality or of ethics in general an aporia or contradiction related to the fact that we cannot be hospitable towards a singularity without sacrificing some other singularities. Attention is paid to Derrida's attempt to open the provision of hospitality beyond humans that is to other living beings. Derrida's views on hospitality are examined in the book in the light of the philosophical thought of Emmanuel Levinas Immanuel Kant and Ren Sch rer

Untying the Mother Tongue Antonio Castore, Federico Dal Bo, 2023-09-04 Untying the Mother Tongue explores what it might mean today to speak of someone's attachment to a particular primary language. Traditional conceptions of mother tongue are often seen as an expression of the ideology of a European nation state. Yet current celebrations of multilingualism reflect the recent demands of global capitalism raising other challenges. The contributions from international scholars on literature philosophy and culture analyze and problematize the concept of mother tongue rethinking affective and cognitive attachments to language while deconstructing its metaphysical capitalist and colonialist presuppositions

become containers for national and transnational histories while such texts are often oblique and perverse in terms of their times and geographies John Greaney explores this paradox to launch a metacritical study of the modes of inquiry used to define Irish modernism in the 21st century Focused on works by Samuel Beckett Elizabeth Bowen John McGahern Flann O'Brien and Kate O'Brien this book analyses how and if the complex representational strategies of modernist fictions provide a window on historical events and realities Greaney deploys close reading formal analysis narratology and philosophical accounts of literature alongside historicist and materialist approaches as well as postcolonial and world literature paradigms to examine how modernist texts engage the cultural memories they supposedly transmit Emphasizing the proximities and the distances between modernist aesthetic practice and the history of modernity in Ireland and beyond this book enables a new model for narrating Irish modernism

Unlocking the World Claudia W. Ruitenberg, 2015-12-03 *Unlocking the World* proposes hospitality as a guiding ethic for education Based on the work of Jacques Derrida it suggests that giving place to children and newcomers is at the heart of education The primary responsibility of the host is not to assimilate newcomers into tradition but rather to

create or leave a place where they may arrive Hospitality as a guiding ethic for education is discussed in its many facets including the decentered conception of subjectivity on which it relies the way it casts the relation between teacher and student and its conception of curriculum as an inheritance that asks for a critical reception The book examines the relation between an ethic of hospitality and the educational contexts in which it would guide practice Since these contexts are marked by gender culture and language it asks how such differences affect enactments of hospitality Since hospitality typically involves a power difference between host and guest the book addresses how an ethic of hospitality accounts for power whether it is appropriate for educational contexts marked by colonialism and how it might guide education aimed at social justice
