More Beautiful And More Terrible The Embrace And Transcendence Of Racial Inequality In The United States:

More Beautiful and More Terrible Imani Perry, 2011-02-28 Perry argues that racism in America has moved into a new phase post intentional For a nation that often optimistically claims to be post racial we are still mired in the practices of racial inequality that plays out in law policy and in our local communities One of two explanations is often given for this persistent phenomenon On the one hand we might be hypocritical saying one thing and doing or believing another on the other it might have little to do with us individually but rather be inherent to the structure of American society *More Beautiful and More Terrible* compels us to think beyond this insufficient dichotomy in order to see how racial inequality is perpetuated Imani Perry asserts that the U S is in a new and distinct phase of racism that is post intentional neither based on the intentional discrimination of the past nor drawing upon biological concepts of race Drawing upon the insights and tools of critical race theory social policy law sociology and cultural studies she demonstrates how post intentional racism works and maintains that it cannot be addressed solely through the kinds of structural solutions of the Left or the values arguments of the Right Rather the author identifies a place in the middle a space of righteous hope and articulates a notion of ethics and human agency that will allow us to expand and amplify that hope To paraphrase James Baldwin when talking about race it is both more terrible than most think but also more beautiful than most can imagine with limitless and open ended possibility Perry leads readers down the path of imagining the possible and points to the way forward *The Oxford Handbook of Language and Race* H. Samy Alim, Angela Reyes, Paul V. Kroskrity, 2020-10-02 Over the past two decades the fields of linguistic anthropology and sociolinguistics have complicated traditional understandings of the relationship between language and identity But while research traditions that explore the linguistic complexities of gender and sexuality have long been established the study of race as a linguistic issue has only emerged recently *The Oxford Handbook of Language and Race* positions issues of race as central to language based scholarship In twenty one chapters divided into four sections Foundations and Formations Coloniality and Migration Embodiment and Intersectionality and Racism and Representations authors at the forefront of this rapidly expanding field present state of the art research and establish future directions of research Covering a range of sites from around the world the handbook offers theoretical reflexive takes on language and race the larger histories and systems that influence these concepts the bodies that enact and experience them and the expressions and outcomes that emerge as a result As the study of language and race continues to take on a growing importance across anthropology communication studies cultural studies education linguistics literature psychology ethnic studies sociology and the academy as a whole this volume represents a timely much needed effort to focus these fields on both the central role that language plays in racialization and on the enduring relevance of race and racism *Race and Racism in the United States* Charles A. Gallagher, Cameron D. Lippard, 2014-06-24 How is race defined and perceived in America today and how do these definitions and perceptions compare to attitudes 100 years ago or 200 years ago This four

volume set is the definitive source for every topic related to race in the United States In the 21st century it is easy for some students and readers to believe that racism is a thing of the past in reality old wounds have yet to heal and new forms of racism are taking shape Racism has played a role in American society since the founding of the nation in spite of the words all men are created equal within the Declaration of Independence This set is the largest and most complete of its kind covering every facet of race relations in the United States while providing information in a user friendly format that allows easy cross referencing of related topics for efficient research and learning The work serves as an accessible tool for high school researchers provides important material for undergraduate students enrolled in a variety of humanities and social sciences courses and is an outstanding ready reference for race scholars The entries provide readers with comprehensive content supplemented by historical backgrounds relevant examples from primary documents and first hand accounts Information is presented to interest and appeal to readers but also to support critical inquiry and understanding A fourth volume of related primary documents supplies additional reading and resources for research

Being Brown Lázaro Lima, 2019-11-12 Being Brown Sonia Sotomayor and the Latino Question tells the story of the country's first Latina Supreme Court Associate Justice's rise to the pinnacle of American public life at a moment of profound demographic and political transformation While Sotomayor's confirmation appeared to signal the greater acceptance and inclusion of Latinos the nation's largest minority majority the uncritical embrace of her status as a possibility model and icon paradoxically erased the fact that her success was due to civil rights policies and safeguards that no longer existed Being Brown analyzes Sotomayor's story of success and accomplishment despite seemingly insurmountable odds in order to ask What do we lose in democratic practice when we allow symbolic inclusion to supplant the work of meaningful political enfranchisement In a historical moment of resurgent racism unrelenting Latino bashing and previously unimaginable blood and soil Nazism Being Brown explains what we stand to lose when we allow democratic values to be trampled for the sake of political expediency and demonstrates how understanding the Latino question can fortify democratic practice Being Brown provides the historical vocabulary for understanding why the Latino body politic is central to the country's future and why Sonia Sotomayor's biography provides an important window into understanding America and the country's largest minority majority at this historical juncture In the process Being Brown counters alternative facts with historical precision and ethical clarity to invigorate the best of democratic practice at a historical moment when we need it most **School's Out** Cati

Connell, 2014-11-24 How do gay and lesbian teachers negotiate their professional and sexual identities at work given that these identities are constructed as mutually exclusive even as mutually opposed Using interviews and other ethnographic materials from Texas and California School's Out explores how teachers struggle to create a classroom persona that balances who they are and what's expected of them in a climate of pervasive homophobia Catherine Connell's examination of the tension between the rhetoric of gay pride and the professional ethic of discretion insightfully connects and considers complicating factors from local law and politics to gender privilege She also describes how racialized discourses of homophobia thwart challenges to sexual injustices in schools Written with ethnographic verve School's Out is essential reading for specialists and students of queer studies gender studies and educational politics **Mounting Frustration**

Susan E. Cahan, 2016-01-28 In *Mounting Frustration* Susan E Cahan uncovers the moment when the civil rights movement reached New York City's elite art galleries Focusing on three controversial exhibitions that integrated African American culture and art Cahan shows how the art world's racial politics is far more complicated than overcoming past exclusions

Christian Nationalism and the Birth of the War on Drugs Andrew Monteith, 2023-07-18 Recovers the religious origins of the War on Drugs Many people view the War on Drugs as a contemporary phenomenon invented by the Nixon administration But as this new book shows the conflict actually began more than a century before when American Protestants began the temperance movement and linked drug use with immorality *Christian Nationalism and the Birth of the War on Drugs* argues that this early drug war was deeply rooted in Christian impulses While many scholars understand Prohibition to have been a Protestant undertaking it is considerably less common to consider the War on Drugs this way in part because racism has understandably been the focal point of discussions of the drug war Antidrug activists expressed and still do express blatant white supremacist and nativist motives Yet this book argues that that racism was intertwined with religious impulses Reformers pursued the civilizing mission a wide ranging project that sought to protect child races from harmful influences while remodeling their cultures to look like Europe and the United States Most reformers saw Christianity as essential to civilization and missionaries felt that banning drugs would encourage religious conversion and progress This compelling work of scholarship radically reshapes our understanding of one of the longest and most damaging conflicts in modern American history making the case that we cannot understand the War on Drugs unless we understand its religious origins

Decolonizing Educational Research Leigh Patel, 2015-12-11 *Decolonizing Educational Research* examines the ways through which coloniality manifests in contexts of knowledge and meaning making specifically within educational research and formal schooling Purposefully situated beyond popular deconstructionist theory and anthropocentric perspectives the book investigates the longstanding traditions of oppression racism and white supremacy that are systemically reseeded and reinforced by learning and social interaction Through these meaningful explorations into the unfixed and often interrupted narratives of culture history place and identity a bold timely and hopeful vision emerges to conceive of how research in secondary and higher education institutions might break free of colonial genealogies and their widespread complicities

Unfinished Business Judith Hamera, 2017-10-02 How does structural economic change look and feel How are such changes normalized Who represents hope Who are the cautionary tales *Unfinished Business* argues that U S deindustrialization cannot be understood apart from issues of race and specifically apart from images of and works by and about African Americans that represent or resist normative or aberrant relationships to work and capital in transitional times It insists that Michael Jackson's performances and coverage of his life plays featuring Detroit plans for the city's postindustrial revitalization and Detroit installations The Heidelberg Project and Mobile Homestead have something valuable to teach us about three decades of structural economic transition in the U S particularly about the changing nature of work

and capitalism between the mid 1980s and 2016 Jackson and Detroit offer examples of the racialization of deindustrialization how it operates as a structure of feeling and as representations as well as a shift in the dominant mode of production and how industrialization s successor mode financialization uses imagery both very similar to and very different from its predecessor

Learning Race, Learning Place Erin N. Winkler,2012-11-15 In an American society both increasingly diverse and increasingly segregated the signals children receive about race are more confusing than ever In this context how do children negotiate and make meaning of multiple and conflicting messages to develop their own ideas about race Learning Race Learning Place engages this question using in depth interviews with an economically diverse group of African American children and their mothers Through these rich narratives Erin N Winkler seeks to reorient the way we look at how children develop their ideas about race through the introduction of a new framework comprehensive racial learning that shows the importance of considering this process from children s points of view and listening to their interpretations of their experiences which are often quite different from what the adults around them expect or intend At the children s prompting Winkler examines the roles of multiple actors and influences including gender skin tone colorblind rhetoric peers family media school and especially place She brings to the fore the complex and understudied power of place positing that while children s racial identities and experiences are shaped by a national construction of race they are also specific to a particular place that exerts both direct and indirect influence on their racial identities and ideas *African American Young Girls and Women in PreK12 Schools and Beyond* Renae D. Mayes,Marjorie C. Shavers,James L. Moore III,2022-06-02 African American Young Girls and Women in PreK12 Schools and Beyond Informing Research Policy and Practice presents a comprehensive viewpoint on preK 12 schooling for African American females This volume offers readers compelling evidence of the educational challenges and successes for this student population

Disabilities of the Color Line Dennis Tyler,2022-02-15 Winner of the 2023 Phi Beta Kappa Christian Gauss Award Honorable Mention for the 2022 Robert K Martin Book Prize from the Canadian Association for American Studies CAAS ASALH 2023 Book Prize Finalist Reveals how disability and disablement have shaped Black social life in America Through both law and custom the color line has cast Black people as innately disabled and thus unfit for freedom incapable of self governance and contagious within the national body politic Disabilities of the Color Line maintains that the Black literary tradition historically has inverted this casting by exposing the disablement of racism without disclaiming disability In place of a triumphalist narrative of overcoming where both disability and disablement alike are shunned Dennis Tyler argues that Black authors and activists have consistently avowed what he calls the disabilities of the color line the historical and ongoing anti Black systems of division that maim immobilize and stigmatize Black people In doing so Tyler reveals how Black writers and activists such as David Walker Henry Box Brown William and Ellen Craft Charles Chesnutt James Weldon Johnson and Mamie Till Mobley have engaged in a politics and aesthetics of redress modes of resistance that in the pursuit of racial and disability justice acknowledged the

disabling violence perpetrated by anti Black regimes in order to conceive or engender dynamic new worlds that account for people of all abilities While some writers have affirmed disability to capture how their bodies minds and health have been made vulnerable to harm and impairment by the state and its citizens others assertion of disability symbolizes a sense of community as well as a willingness to imagine and create a world distinct from the dominant social order **One Drop** Yaba Blay, 2021-02-16 Challenges narrow perceptions of Blackness as both an identity and lived reality to understand the diversity of what it means to be Black in the US and around the world What exactly is Blackness and what does it mean to be Black Is Blackness a matter of biology or consciousness Who determines who is Black and who is not Who's Black who's not and who cares In the United States a Black person has come to be defined as any person with any known Black ancestry Statutorily referred to as the rule of hypodescent this definition of Blackness is more popularly known as the one drop rule meaning that a person with any trace of Black ancestry however small or invisible cannot be considered White A method of social order that began almost immediately after the arrival of enslaved Africans in America by 1910 it was the law in almost all southern states At a time when the one drop rule functioned to protect and preserve White racial purity Blackness was both a matter of biology and the law One was either Black or White Period Has the social and political landscape changed one hundred years later One Drop explores the extent to which historical definitions of race continue to shape contemporary racial identities and lived experiences of racial difference Featuring the perspectives of 60 contributors representing 25 countries and combining candid narratives with striking portraiture this book provides living testimony to the diversity of Blackness Although contributors use varying terms to self identify they all see themselves as part of the larger racial cultural and social group generally referred to as Black They have all had their identity called into question simply because they do not fit neatly into the stereotypical Black box dark skin kinky hair broad nose full lips etc Most have been asked What are you or the more politically correct Where are you from throughout their lives It is through contributors lived experiences with and lived imaginings of Black identity that we can visualize multiple possibilities for Blackness The Executed God Mark Lewis Taylor, 2015-11-01 The new edition of Mark Lewis Taylor's award winning The Executed God is both a searing indictment of the structures of Lockdown America and a visionary statement of hope It is also a call for action to Jesus followers to resist US imperial projects and power Outlining a theatrics of state terror Taylor identifies and analyzes its instruments mass incarceration militarized police tactics surveillance torture immigrant repression and capital punishment through which a racist and corporatized Lockdown America enforces in the US a global neoliberal economic and political imperialism Against this The Executed God proposes a counter theatrics to state terror a declamation of the way of the cross for Jesus followers that unmask the powers of US state domination and enacts an adversarial politics of resistance artful dramatic actions and the building of peoples movements These are all intrinsic to a Christian politics of remembrance of the Jesus executed by empire Heralded in its first edition this new edition is thoroughly revised updated and expanded offering a demanding
