Handbook of Empirical Research on Islam and Economic Life M. Kabir Hassan, 2016-12-30 In Islamic jurisprudence a comprehensive ethic has been formulated governing how business and commerce should be run how accountability to God and the community is to be achieved and how banking and finance is to be arranged This Handbook examines how well these values are translated into actual performance It explores whether those holding true to the system are hindered and put at a disadvantage or whether the Islamic institutions have been able to demonstrate that faith based activities can be rewarding both economically and spiritually Data-Centric Business and Applications Natalia Kryvinska, Michal Greguš, 2019-07-16

This book explores various aspects of data engineering and information processing In this second volume the authors assess the challenges and opportunities involved in doing business with information Their contributions on business information processing and management reflect diverse viewpoints not only technological but also business and social As the global marketplace grows more and more complex due to the increasing availability of data the information business is steadily gaining popularity and has a huge impact on modern society Thus there is a growing need for consensus on how business information can be created accessed used and managed *Starting a Hedge Fund* Daniel L. Jones, 2014-12-08 Starting a Hedge Fund A Student s Journey into the World of High Finance profiles the beginning of Daniel Jones adventure where he transforms himself from a typical university student to a hedge fund manager Not wanting to take the slow route that many managers opt for Daniel pushes to start his fund while in college This piece is an autobiographical account of this process and discusses the bumpy road that accompanies any start up enterprise Along the way Daniel takes readers through not only the events that led him to set up his fund but also explores the nature of investing as he sees it As an avid value and contrarian investor it becomes clear to see that the secret behind successful investing is to acquire strong companies at attractive prices In an effort to maximize reader value Daniel sets aside a portion of each chapter to dive into an important investment topic and has an entire chapter at the end of the book dedicated to a treatise on investing Handbook of Micro

Health Insurance in Africa Hans Jürgen Rösner, 2012 Micro health insurance is an emerging concept to reduce poverty and social exclusion and improve health care access The Handbook of Micro Health Insurance in Africa gives an overview of the challenges and needs in the field of micro health insurance Focusing on Sub Saharan Africa where universal social health protection still has a way to go the Handbook provides an introduction to the relatively new and promising approach of micro insurance as a risk management tool for low income households between the market self help and the state This book is an output of the project Pro MHI Africa which is funded by the European Union and directed by the University of Cologne in cooperation with the University of Botswana the University of Ghana and the University of Malawi Series Social Protection in Health Challenges Needs and Solutions in International Health Care Financing Vol 1 *Data Science for Financial*

Econometrics Nguyen Ngoc Thach, Vladik Kreinovich, Nguyen Duc Trung, 2020-11-13 This book offers an overview of state of

the art econometric techniques with a special emphasis on financial econometrics There is a major need for such techniques since the traditional way of designing mathematical models based on researchers insights can no longer keep pace with the ever increasing data flow To catch up many application areas have begun relying on data science i e on techniques for extracting models from data such as data mining machine learning and innovative statistics In terms of capitalizing on data science many application areas are way ahead of economics To close this gap the book provides examples of how data science techniques can be used in economics Corresponding techniques range from almost traditional statistics to promising novel ideas such as quantum econometrics Given its scope the book will appeal to students and researchers interested in state of the art developments and to practitioners interested in using data science techniques

Microfinance and Its Impact on Entrepreneurial Development, Sustainability, and Inclusive Growth Das, Ramesh Chandra, 2018-06-15

Microfinance is a broad variety of services such as microcredit for entrepreneurs and small businesses lacking access to banking and other financial services As many smaller businesses and entrepreneurs may not be able to secure credit services many microfinance promoters believe that it encourages entrepreneurial activities and inclusive growth Microfinance and Its Impact on Entrepreneurial Development Sustainability and Inclusive Growth is an essential resource that empirically explores the role of microfinance in entrepreneurship development and the operational sustainability of microfinance institutions It also highlights the impact of microfinance on entrepreneurship development in different countries and regions Featuring coverage on a broad range of topics such as risk management women entrepreneurship and strategic management this book provides essential research for entrepreneurs business managers policy makers researchers in the field of finance and business professionals seeking relevant research on microfinance systems

Tourism Development, Governance and Sustainability in The Bahamas Sophia Rolle, Jessica Minnis, Ian Bethell-Bennett, 2020-07-12 This book focuses on the complex issues of tourism development governance and sustainability in the long standing popular island destination The Bahamas where tourism remains one of the primary fiscal industries The book achieves this by looking at the impacts of mass tourism development from social economic and environmental perspectives panarchy and resilience assessing sustainability moving towards a blue economy impacts of climate change and innovative alternative tourism offerings to ensure sustainable tourism a welcomed but challenging essential contemporary focus of the tourism industry It further looks at how development governance and sustainability come together in the aftermath of a recent natural disaster hurricane Dorian which proved to be a strong catalyst for action innovation and change in The Bahamas Given the complexity of these key concepts and The Bahamas as an established popular tourism destination archipelago which relies so heavily on the industry this book offers significant insight for other tourism regions and will therefore be essential reading for upper level students and academics in the field of Tourism research

International Taxation of Income from Services under Double Taxation Conventions Marta Castelon, 2016-04-24 The provision of international services has increased enormously mainly due to the

precipitous growth of the digital economy Accordingly the interpretation and application of double taxation conventions DTCs to income from services has become a dominant focus in the international taxation This multiple award winning book is an indispensable tool for practitioners and a major contribution to the debate about tax reform It responds to the need for a comprehensive overview of the tax opportunities and risks relating to the provision of international services It also offers the first in depth analysis of the taxation of income from services vis vis the multilateral instrument MLI resulting from the OECD's Base Erosion and Profit Shifting BEPS initiative With the thorough analysis of the international taxation of income from services over the last two centuries the author sheds new light on present tax policy debates and develops workable proposals for bringing brick and mortar DTCs into the digital reality With an abundance of case studies treaty interpretations appraisals of policy discussions and practical solutions the author examines every aspect of the subject including the following the Model DTCs of the OECD the United Nations Germany and the United States their similarities and differences relationships among the MLI the Model DTCs and specific DTCs development of the provisions dealing with services in the DTCs how tax authorities and courts of different countries e g the United States Germany Brazil India and China apply DTC provisions on the taxation of international services opportunities and risks relating to different business practices such as the subcontracting of services provisions the hiring out of labour the secondment of employees and the engagement of contract and toll manufacturers practical questions about the taxation of different distribution models from fully edged distributors to commissionaires challenges and proposals relating to the differentiation between various types of services under DTCs the permanent establishment concept to what extent the structure purposes and scope of DTCs differ from those of the General Agreement on Trade in Services GATS how changes in the US Model DTC of 2016 affect international service provisions and proposed changes to amending the OECD and UN Model DTCs Viable proposals to simplify DTC provisions dealing with service income and align them with current challenges such as the digital economy and the increasing volume of remote services are offered particularly in light of the likely impact of the BEPS package and its subsequent MLI This book is poised to become one of the key practice resources for tax lawyers in house counsel and policymakers in the coming years Interested academics too will benefit from the author's skill in recognizing the ongoing role of taxation fundamentals in the major revolution currently underway
