Mxq Pro 4k Instructions Wordpress:

Easy WP Guide WordPress Manual Anthony Hortin,2015-07-30 It might be easier to say what this guide isn't rather than what it is. It isn't an in-depth look at every single function available within the WordPress dashboard. Nor is it a guide to help you develop or modify WordPress themes. It's an easy-to-follow WordPress manual that will help you to get an overall understanding of how you use the various features within the WordPress Dashboard to keep your website or blog updated. The official WordPress Codex is great if you want to get really involved in developing your own WordPress theme or modifying your site with plugins, but it can be a bit daunting for those users who just want a simple guide to using the Content Management side of WordPress or just need to update their site pages every so often. The Easy WP Guide will teach you how to add content to your website and keep it updated simply and easily. This version has been completely updated for use with WordPress 4.2.

WordPress Jessica Neuman Beck, Matt Beck, 2013-10-11 WordPress Visual QuickStart Guide 3E uses a visual approach to teach the essential elements of WordPress, one of the world's most popular publishing platforms. This book gives readers the tools they need to create beautiful functional WordPress-powered sites with minimal hassle. Using plenty of screenshots and a clear, organized format, authors Jessica Neuman Beck and Matt Beck walk new users through the installation and setup process while providing valuable tips and tricks for more experienced users. With no other resource but this guide, readers can set up a fully functional and well-designed WordPress site that takes advantage of all the features WordPress has to offer. This new fully updated version covers all the key new and improved features of WordPress, including using the Theme Customizer, adding custom headers and backgrounds, adding content in new ways such as posting from your desktop or mobile device, as well as importing from another WordPress blog or other blogging services, and new ways to work with media such as editing images, using video and audio, and creating image galleries. There is also a completely new chapter on menus which covers menu setup and adding and editing menus.
