Perspectives on Thought Leadership for

Africa's Renewal Kondlo, Kwandiwe, 2014-05-05 This book outlines perspectives of emerging and established African scholars on what one could describe as the debate on leadership and the articulation of the life of the mind in Africa's socio-economic political and cultural life from the time of independence to date. The papers contained in the book cover the following thematic areas: Alternative Leadership Paradigm for Africa's Advancement, African Perspectives on Globalisation and international relations, Pan-Africanism and the African Renaissance, Scientific, Technological and Cultural Dimensions of African Development. The first section deals with alternative leadership paradigms for Africa's advancement. It also debates the thin line separating management studies from leadership studies and untangles the hermeneutic complexities in the term leadership. Section two examines among other things the crucial challenge of globalisation and public ethics and others African perspectives. The section also interrogates the current complexities and credibility deficits in the global governance of trade and towards the end engages philosophical questions about conscience and consciousness in African development and progress. The debates in section three continue to section four and focus on the overall issues of language and liberation, the significance of Multi-Inter and Trans-Disciplinary Approaches in the analysis of the African continent, appropriate indigenous paradigms for promoting the African renaissance as well as a series of debates on the meaning and prospects of regional integration in Africa's renewal. This provides just a snapshot of a very wide-ranging and interesting debate contained in the publication.

Generational Breakthrough Maliro Dickson Mwanza, 2018-10-25 IT IS TIME FOR A MAJOR SHIFT For a long time our ears have been bombarded with messages of Breaking Generational Curses and also much more of Keys to Prosperity. However, this book comes with a new dimension which demands a radical paradigm shift from each one of us. The book challenges us to go beyond thinking prosperity to thinking posterity. This book will first help you to remove the religious veil, break the borders that have hitherto limited you and then inspire you to THINK GLOBAL, THINK POSTERITY, THINK LEGACY and THINK GENERATIONAL. You will no longer settle for an inferior edition of the gospel which has made people to believe more in curses than God's blessings. Being a GENERATIONAL BLESSING will become your core calling. Among others in this book you will catch THE PORTRAIT OF A GENERATIONAL BREAKTHROUGH, THE BREAKTHROUGH SPIRIT, THE BREAKTHROUGH MINDSET etc. It is time for you to transcend from survival to success and from success to significance and from significance to a Patriarch. GENERATIONAL BLESSING. This is a manual for you.
