Life and Liberty Philip Roden, 1987 *Resources in Education*, 2001 *Solution-focused Therapy* Bill O'Connell, 2005 O'Connell presents a comprehensive introduction to Solution focused therapy SFT His writing is accessible making this an easy book to read The way in which the material is organized and presented is appealing The tone of the writing is down to earth and I imagine that few readers would feel alienated by the language regardless of training or theoretical background This book provides not only an in depth introduction to SFT but also provides the more experienced therapist with further ideas and principles O'Connell manages to keep an air of hope and optimism in his writing which left me with a renewed sense of enthusiasm for working with clients in a SFT way Having read a substantial amount of literature in brief therapy I found this book to be one of the best I have come across O'Connell communicates his ideas in a clear and rational way and most importantly with an essential dose of humanity I would recommend this book to almost everyone regardless of their professional background as it instills a sense of hope and change

The Brief Therapy Networks Solution Focused Therapy Second Edition is a popular introduction to the

theory practice and skills of an approach which is increasingly used by a variety of professionals including counsellors psychologists mental health workers and social workers Its popularity lies in the fact that it is both time limited and cost effective which are key considerations for many practitioners nowadays For this the Second Edition the book has been fully revised and updated and now includes new sections on solution focused supervision and running a solution focused reflecting team Most chapters include brief practice points for counsellors This book will be of great interest to trainees of solution focused therapy as well as practitioners who work in a range of contexts where the emphasis is on providing effective brief interventions Bill O Connell is Director of Training for Focus on Solutions Limited in Birmingham He was previously Head of the Counselling Department at Westhill College of Higher Education Birmingham and is co editor of Handbook of Solution Focused Therapy Sage 2003
