Critical Approaches to Welcome to Night Vale Jeffrey Andrew Weinstock,2018-08-24 With well over one hundred episodes the podcast Welcome to Night Vale has spawned several international live tours two novels set in the Night Vale universe and an extensive volume of fan fiction and commentary

However despite its immense popularity *Welcome to Night Vale* has received almost no academic scrutiny This edited collection of scholarly essays the very first of its kind on a podcast attempts to redress this lack of attention to *Night Vale* by bringing together an international group of scholars from different disciplines to consider the program s form themes politics and fanbase After a thorough introduction by the volume s editor Jeffrey Andrew Weinstock the eight contributors not only offer close analysis of *Night Vale* but use the program as the impetus for broader explorations of new media gender the constitution of identity the construction of place and the human relationship to meaning and the non human [The Palgrave Handbook of Contemporary Gothic](#) Clive Bloom,2020-07-10 Simply put there is absolutely nothing on the market with the range of ambition of this strikingly eclectic collection of essays Not only is it impossible to imagine a more comprehensive view of the subject most readers even specialists in the subject will find that there are elements of the Gothic genre here of which they were previously unaware Barry Forshaw Author of *British Gothic Cinema* and *Sex and Film* [The Palgrave Handbook of Contemporary Gothic](#) is the most comprehensive compendium of analytic essays on the modern Gothic now available covering the vast and highly significant period from 1918 to 2019 The Gothic sensibility over 200 years old embraces its dark past whilst anticipating the future From demons and monsters to post apocalyptic fears and ecological fantasies Gothic is thriving as never before in the arts and in popular culture This volume is made up of 62 comprehensive chapters with notes and extended bibliographies contributed by scholars from around the world The chapters are written not only for those engaged in academic research but also to be accessible to students and dedicated followers of the genre Each chapter is packed with analysis of the Gothic in both theory and practice as the genre has mutated and spread over the last hundred years Starting in 1918 with the impact of film on the genre s development and moving through its many and varied international incarnations each chapter chronicles the history of the gothic milieu from the movies to gaming platforms and internet memes television and theatre The volume also looks at how Gothic intersects with fashion music and popular culture a multi layered multi ethnic even a trans gendered experience as we move into the twenty first century **Gender and Contemporary Horror in Comics, Games and Transmedia** Robert Shail,Samantha Holland,Steven Gerrard,2019-09-19 Despite the constant changes in contemporary popular media the horror genre retains its attraction for audiences of all backgrounds This edited collection explores modern representations of gender in horror and how this factors into the genre s appeal *The Great Glowing Coils of the Universe* Joseph Fink,Jeffrey Cranor,2016-09-06 From the authors of the New York Times bestselling novel *Welcome to Night Vale* and the creators of the 1 international podcast of the same name comes a collection of episodes from Season Two of their hit podcast featuring a foreword by the authors behind the scenes commentary and original illustrations In June of 2012 the creators of *Welcome to Night Vale* began airing twice weekly podcasts hoping to be heard by anyone outside their close circles By the anniversary show a year later the fanbase had exploded vaulting the podcast into the 1 spot on iTunes Since then its popularity has grown by epic proportions hitting more

than 100 million downloads and Night Vale has expanded to a successful live multi cast international touring stage show and a New York Times bestselling novel Now the first two seasons are available as books offering an entertaining reading experience and a valuable reference guide to past episodes In The Great Glowing Coils of the Universe we witness a totalitarian takeover of Night Vale that threatens to forever change the town and everyone living in it The Great Glowing Coils of the Universe features a foreword by Maureen Johnson an introduction by co writer Jeffrey Cranor and behind the scenes commentary and guest introductions by performers from the podcast and notable fans including Cecil Baldwin Cecil Mara Wilson The Faceless Old Woman Hal Lublin Steve Carlsberg among others Also included is the full script from the Welcome to Night Vale live show The Debate Beautiful illustrations by series artist Jessica Hayworth accompany each episode The Great Glowing Coils of the Universe is an absolute must have whether you re a fan of the podcast or discovering for the first time the wonderful world of Night Vale

Narrative Power Ken Plummer, 2019-05-29 Narratives are the wealth of nations they animate life sustain culture and cultivate humanity They regulate and empower us bringing both joy and discontent And they are always embedded in ubiquitous power stories shape power and power shapes story In this provocative and original study Ken Plummer takes us on a journey to explore some of the key dimensions of this narrative power His main focus is on what he calls narratives of suffering and how these change through transformative narrative actions across an array of media forms The modern world is in crisis and long standing narratives are being challenged in five major directions through deep inequalities global state complexities digital risks the perpetual puzzle of truth and the ever emerging contingencies of time Asking how we can build sustainable stories for a better future the book advocates the cultivation of a narrative hope a narrative wisdom and a politics of narrative humanity Narrative Power suggests novel directions for enquiry discusses a raft of innovative ideas and concepts and sets a striking new agenda for research and action
