## **Mystical Power:**

**Images of Power** Hildred Geertz, 1994-01-01 Between 1936 and 1938 Gregory Bateson and Margaret Mead collected more than 1 200 paintings and sketches made by Balinese peasants *The Philosophy of Olodumare and Shango* Oswald Eckles Jr, 2005 The Philosophy of Olodumare and Shango is a work designed for the thinking man It details the thorny issue of black metaphysics Oswald Eckles Jr treats of the nature of the black man versus the other It contains some hard truths about the white and black races Oswald Eckles Jr penetrating insights into Western philosophy details where African Philosophy has gone wrong and the road African Philosophers should now take In The Philosophy of Olodumare and Shango Shango is the black man God is the white man and Shango and God are equal His philosophy of States states that the finite State is the infinite State whereas the finite is illusory and the infinite is real consequently man is two States in one The two States are one being called Shango Mr Eckles treats of Aesthetics and makes the attempt to integrate Black metaphysics with the metaphysics of the Western world by deconstructing the categories of Aristotle And creating a daring and original philosophy of mind **The Origins and Role of Same-Sex Relations in Human Societies** James Neill, 2009-01-14 This groundbreaking work draws on a vast range of research into human sexuality to demonstrate that homosexuality is not a phenomenon limited to a small minority of society but is an aspect of a complex sexual harmony that the human race inherited from its animal ancestors Through a survey of the patterns of sexual expression found among animals and among societies around the world and an examination of the functional role homosexual behavior has played among animal species and human societies alike the author arrives at some provocative conclusions that a homosexual or bisexual phase is a normal part of sexual development that same sex relations play an important balancing role in regulating human reproduction that many societies have institutionalized homosexual traditions in the past and that the harsh condemnation of homosexuality in Western society is a relatively recent phenomenon unique among world societies throughout history This well researched and meticulously documented book is the first that integrates into a coherent picture the startling revelations about human sexuality coming from the recent work of sexual researchers psychologists anthropologists and historians The view that emerges of an ambisexual human species whose complex sexual harmony is being thwarted by the imposition of an artificial understanding of nature represents a new way of thinking about sex *African Religions & Philosophy* John S. Mbiti, 1990 African Religions and Philosophy is a systematic study of the attitudes of mind and belief that have evolved in the many societies of Africa In this second edition Dr Mbiti has updated his material to include the involvement of women in religion and the potential unity to be found in what was once thought to be a mass of quite separate religions Mbiti adds a new dimension to the understanding of the history thinking and life throughout the African continent Religion is approached from an African point of view but is as accessible to readers who belong to non African societies as it is to those who have grown up in African nations Since its first publication this book has become acknowledged as the

standard work in the field of study and it is essential reading for anyone concerned with African religion history philosophy anthropology or general African studies

*A Quest for Justice* R. Suwandi, 2021-10-25 This book is a remarkable study of a contemporary Javanese millenarian community based on a careful and nuanced exposition of the ideas of this community and its leader Embah Wali who looked to the coming of the Just King Ratu Adil in the person of the Sultan of Yogya In the Blitar region East Java where the community is centred Embah Wali and his followers created a world in which wayang functioned as the basis for an interpretation of living and being in the world Adept in linguistic manipulation of the Javanese language Embah Wali and his disciples created a world of meaning that was unique to their community The author tells the story of Embah Wali and his followers describes the phases of their movement and relates these developments to the turbulent social and political events that have occurred in Java over more than a half century from the 1930s through the 1980s This first hand study of a Javanese messianistic movement contributes to our understanding of Javanese rural culture and politics As a Javanese from Blitar Raharjo Suwandi was fortunately positioned to be able able to study and interpret this movement in the midst of its most lively period and then to follow its development to the death of its founder

**The Language of Faith in Southern Africa: Spirit World, Power, Community, Holism** Hermen Kroesbergen, 2019-12-12 The aim of this book is to provide a way to do justice to an African language of faith In systematic theology anthropology and philosophy of religion similar debates about how to interpret an African language of faith are ongoing Trying to avoid the othering discourses of past generations scholars are careful to take seriously what people in Africa say without portraying people's beliefs as weird or backward Yet in their desperate attempts to avoid othering these theologians anthropologists and philosophers often painfully misconstrue the language of faith in Africa Understanding the language of faith in Southern Africa is not an easy task How should we take seriously the form of language that often seems so strange and different I argue that after African inculturation theology and black liberation theology a better way to make sense of being a Christian in Southern Africa is to pay close attention to people's language of faith The way in which people speak of the spirit world or powers in Africa appears strange to outsiders and the sense of community and the holistic worldview differentiates the African way of life from its Euro American counterparts When proper attention is paid to the use of concepts like spirit world power community and holism language of faith in Southern Africa is neither as strange as it may seem nor as romantic By investigating these distinguishing concepts that colour language of faith in Southern Africa this book contributes to future projects of both fellow theologians who try to construct a contemporary African theology and those who are interested in theology in Africa given the well known southward shift of the centre of gravity of Christianity

**Miracle Power of the I Ching** Norvell, 2023-11-21 You are about to enter the realm of mystical spiritual experience that will open the universal portals to the storehouse of infinite riches health happiness and love fulfillment In this joyous discovery of the secret method of achieving your life goals through I Ching revelations you will be tapping one of the greatest powers in the universe The ancient Chinese called this cosmic realm of power Tao or the Pathway to Heaven When you once enter this all powerful mystical realm and use the cosmic forces that created the universe

and its contents you will tap the very source of all wisdom and power      Reader of Hearts Darrin Owens,2006 Darrin Owens calls himself a reluctant psychic because growing up in rural Arkansas he only wanted to fit in Darrin knew and experienced things that no one in his prosaic world was talking about especially not at the fundamentalist church he attended When he rented a movie based on Shirley MacLaine s *Out on a Limb* he discovered who and what he was A visit to a psychic who recognized his powers further opened his eyes to his own abilities and the spiritual journey that would be his destiny According to Darrin being a psychic isn t just about knowing things it is also a spiritual practice This lively entertaining book offers seven lessons of the spiritual path including spiritual awakening conscious creation attunement and inner guidance and relates stories from Darrin s life to illustrate them Each chapter addresses one of the lessons and includes exercises prayers guided meditations and affirmations By turns humorous and poignant the book offers wisdom and guidance for readers just discovering their spiritual connections and those already accomplished in psychic and spiritual skills      **Have You Discovered Your Assignment with Destiny?** Anthony Ugochukwu Aliche,2012-07 The subject of destiny has attracted various explanations from diverse schools of thought While some believe in and espouse the philosophy of predestination others hold that man is the architect of his own destiny and still others fail to believe in the concept at all Even among those who believe in the concept of destiny there is lack of consensus about its definition and its workings given the critical nature of the subject of destiny There is a need for man to clearly understand and employ the knowledge in his journey from mortality to immortality In *Have You Discovered Your Assignment with Destiny* author Anthony Ugochukwu O Aliche thoroughly examines the concept of destiny and seeks to guide others to an understanding of how this important aspect of our existence functions The journey begins with Aliche s lamentation of man s inability to acknowledge and define his destiny with particular reference to his assignment with himself his obligation with his environment and his assignment with the Creator and the entire cosmos He believes that life lived without discovering one s assignment with destiny is life lived without putting God first and consequently a life tragically wasted He opens our eyes to the fact that so many lives could make a quantum leap if only they could turn to God and nature for the discovery and manifestation of their destiny The world would be a better place if we all discovered that we have a role to play individually and collectively and that we can only achieve if we strive to discover our assignment with destiny      The Oxford Encyclopedia of African Thought Abiola Irele,2010 From St Augustine and early Ethiopian philosophers to the anti colonialist movements of Pan Africanism and Negritude this encyclopedia offers a comprehensive view of African thought covering the intellectual tradition both on the continent in its entirety and throughout the African Diaspora in the Americas and in Europe The term African thought has been interpreted in the broadest sense to embrace all those forms of discourse philosophy political thought religion literature important social movements that contribute to the formulation of a distinctive vision of the world determined by or derived from the African experience The Encyclopedia is a large scale work of 350 entries covering major topics involved in the

development of African Thought including historical figures and important social movements producing a collection that is an essential resource for teaching an invaluable companion to independent research and a solid guide for further study
