Labs of Our Own Sig / Sara Giordano, Sara Giordano, 2025 From climate change to COVID 19 to reproductive justice there has been deep political polarization around science *Labs of Our Own* provides a unique entry point into these 21st century science wars by focusing on our affective relationships to science The book delves into various sites where scientists teachers artists and activists claim to create more democratic access to science from DIY biology community labs to feminist classrooms to activist science practitioners The reader will find that these claims for and attempts at democratic sciences not only impact what counts as science and who counts as a scientist but reconfigures who is included in the proper public Instead of arguing for a knee jerk defense of Science against right wing attacks *Labs of Our Own* builds the case for a feminist anti racist decolonial queer science tinkering practice that intentionally politically and ethically acts to produce new challenges to the definition and boundaries of the human Provided by publisher [Gaps and the Creation of Ideas](#) Judith Seligson, 2021-03-08 *Gaps and the Creation of Ideas* An Artist's Book is a portrait of the space between things whether they be neurons quotations comic book frames or fragments in a collage This twenty year project is an artist's book that juxtaposes quotations and images from hundreds of artists and writers with the author's own thoughts Using Adobe InDesign for composition and layout the author has structured the book to show analogies among disparate texts and images There have always been gaps but a focus on the space between things is virtually synonymous with modernity Often characterized as a break modernity is a story of gaps Around 1900 many independent strands of gap thought and experience interacted and interwove more intricately Atoms textiles theories women Jews collage poetry patchwork and music figure prominently in these strands The gap is a ubiquitous phenomenon that crosses the boundaries of neuroscience rabbinic thinking modern literary criticism art popular culture and the structure of matter This book explores many subjects but it is ultimately a work of art **Ebook: Understanding Human Sexuality** Hyde; DeLamater, 2016-04-16 Ebook *Understanding Human Sexuality*

[A World Without Cancer](#) Margaret I. Cuomo, 2013-10-01 A provocative and surprising investigation into the ways that profit personalities and politics obstruct real progress in the war on cancer and one doctor's passionate call to action for change This year nearly 1.6 million new cases of cancer will be diagnosed and more than 1.500 people will die per day We've been asked to accept the disappointing strategy to manage cancer as a chronic disease We've allowed pharmaceutical companies to position cancer drugs that extend life by just weeks and may cost 100.000 for a single course of treatment as breakthroughs Why have we been able to cure and prevent other killer diseases but not most cancers Where is the bold government leadership that will transform our system from treatment to prevention Have we forgotten the mission of the National Cancer Act of 1971 to conquer cancer Through an analysis of over 40 years of medical evidence and interviews with cancer doctors researchers drug company executives and health policy advisors Dr Cuomo reveals frank and intriguing answers to these questions She shows us how all cancer stakeholders the pharmaceutical industry government physicians

and concerned Americans can change the way we view and fight cancer in this country **Diminished Faculties** Jonathan Sterne,2021-10-25 In *Diminished Faculties* Jonathan Sterne offers a sweeping cultural study and theorization of impairment Drawing on his personal history with thyroid cancer and a paralyzed vocal cord Sterne undertakes a political phenomenology of impairment in which experience is understood from the standpoint of a subject that is not fully able to account for itself He conceives of impairment as a fundamental dimension of human experience examining it as both political and physical While some impairments are enshrined as normal in international standards others are treated as causes or effects of illness or disability Alongside his fractured account of experience Sterne provides a tour of alternative vocal technologies and practices a study of normal hearing loss as a cultural practice rather than a medical problem and an intertwined history and phenomenology of fatigue that follows the concept as it careens from people to materials science to industrial management to spoons Sterne demonstrates how impairment is a problem opportunity and occasion for approaching larger questions about disability subjectivity power technology and experience in new ways *Diminished Faculties* ends with a practical user s guide to impairment theory **Yearbook of International Organizations, 2013-2014 (Volume 2)** Union Of International Associations,Union of International Associations,2013-06-21 The Yearbook of International Organizations provides the most extensive coverage of non profit international organizations currently available Detailed profiles of international non governmental and intergovernmental organizations IGO collected and documented by the Union of International Associations can be found here In addition to the history aims and activities of international organizations with their events publications and contact details the volumes of the Yearbook include networks between associations biographies of key people involved and extensive statistical data Volume 2 allows users to locate organizations by the country in which secretariats or members are located *Nelson Biology 12* Christine Adam-Carr,2003 *Nelson Biology 12* Maurice DiGiuseppe,2002-08-19 Nelson Biology 12 thoroughly equips students with the independent leaning problem solving and research skills that are essential to successfully meet the entrance requirements for university Oprograms This resource offers students an opportunity for in depth study of the concepts and processes associated with biological systems and balances the teaching and learning of theoretical concepts with concrete applications in the areas of metabolic processes molecular genetics homeostasis evolution and population dynamics Features Benefits Enhanced Text Design is similar to what students will experience with first year college university texts Self contained and self explanatory lessons A variety of self evaluation and self marking strategies Placement of lab activities at the end of chapters parallels the formal separation of theory and labs in university courses Extension and weblink strategies provide opportunities to hone individual research and study skills A wealth of diagnostic pre testing activities Regular practice assessment and remediation opportunities Extends the scope and diversity of student learning through web access strategies and digitally rendered program components Ensures seamless articulation with existing Grade 11 Biology resources Nelson Biology 12 ,2012 *Biology 12: V.
