Popular Modernism and Its Legacies Scott Ortolano, 2017-12-14 Popular Modernism and Its Legacies reconfigures modernist studies to investigate how modernist concepts figures and aesthetics continue to play essential though often undetected roles across an array of contemporary works genres and mediums Featuring both established and emerging scholars each of the book s three sections offers a distinct perspective on popular modernism The first section considers popular modernism in periods historically associated with the movement discovering hidden connections between traditional forms of modernist literature and popular culture The second section traces modernist genealogies from the past to the contemporary era ultimately revealing that immensely popular contemporary works artists and genres continue to engage and thereby renew modernist aesthetics and values The final section moves into the 21st century discovering how popular works invoke modernist techniques texts and artists to explore social and existential quandaries in the contemporary world Concluding with an afterword from noted scholar Faye Hammill Popular Modernism and Its Legacies reshapes the study of modernism and provides new perspectives on important works at the center of our cultural imagination *Managerial Fraud* Dr Terry A Sheridan, 2014-10-28 Most frauds perpetrated by senior managers take longer to uncover than those by other occupational groups and they steal more This is a serious problem world wide Currently the Red Flag approach is used by auditors to prevent and uncover fraud and in some countries it is statutory However the existing approach does not catch managerial fraudsters quickly or very often In *Managerial Fraud* Dr Terry Sheridan reports the findings of her study of fraudulent executives Her work illuminates the particular methods fraudsters employ to appear more authentic than the average person and reveals two types of executive fraudster with very different behaviours All this helps to explain why the current Red Flag approach fails to identify potential fraudsters and instead tends to focus on Red Flag executives who are negative characters but non fraudulent and accounts for the problem auditors face who see Red Flag indicators and are obliged to conduct further audits yet find nothing of substance During the author s research the innocent colleagues who worked closely with fraudulent managers have for the first time been interviewed about their experiences and had their impressions analysed leading to the development of an innovative typology of fraudulent executives based on Impression Management Theory Better understanding of what Dr Sheridan has uncovered might result in organisations being able to reduce their exposure to fraud perpetrated by their own senior management **Readers' Guide to Periodical Literature** ,1915 **Readers' Guide to Periodical Literature** Anna Lorraine Guthrie, 1915 An author subject index to selected general interest periodicals of reference value in libraries Creatures of Darkness Gene D. Phillips, 2021-03-17 An

exhaustively researched survey of Raymond Chandler's thorny relationship with Hollywood during the classic period of film noir. Alain Silver, film producer and author, examines Chandler's seven novels including *The Big Sleep* (1939) and *The Long Goodbye* (1953), which with their pessimism and grim realism had a direct influence on the emergence of film noir. Chandler worked to give his crime novels the flavor of his adopted city, Los Angeles, which was still something of a frontier town rife with corruption and lawlessness. In addition to novels, Chandler wrote short stories and penned the screenplays for several films, including *Double Indemnity* (1944) and *Strangers on a Train* (1951). His work with Billy Wilder and Alfred Hitchcock on these projects was fraught with the difficulties of collaboration between established directors and an author who disliked having to edit his writing on demand. *Creatures of Darkness* is the first major biocritical study of Chandler in twenty years. Gene Phillips explores Chandler's unpublished script for *Lady in the Lake*, examines the process of adaptation of the novel *Strangers on a Train*, discusses the merits of the unproduced screenplay for *Playback*, and compares Howard Hawks's director's cut of *The Big Sleep* with the version shown in theaters. Through interviews he conducted with Wilder, Hitchcock, Hawks, and Edward Dmytryk over the past several decades, Phillips provides deeper insight into Chandler's sometimes difficult personality. Chandler's wisecracking private eye, Philip Marlowe, has spawned a thousand imitations. *Creatures of Darkness* lucidly explains the author's dramatic impact on both the literary and cinematic worlds, demonstrating the immeasurable debt that both detective fiction and the neo-noir films of today owe to Chandler's stark vision. *The American Catalog*, 1884 **The American Catalogue**, 1885 The Texas Experiment William V. Flores, Christina Hughes, Anita Chadha, Gene Preuss, 2024-12-11 *The Texas Experiment: Politics, Power, and Social Transformation* provides an all-encompassing view of Texas government. Authors William V. Flores, Christina Hughes, Anita Chadha, and Gene Preuss bring together the historical and the contemporary, the political and the personal, to walk students through the state's past, present, and future. Through the book's rich historical narrative that tells the unvarnished story of how Texas came to be, depictions of the processes and structure of Texas government, and finally insights on shifting demographics, we learn that the soul of Texas is multicultural, diverse, and thriving. The Second Edition has been updated through the state's 2023 legislative cycle and what it means for those living in Texas. **Fourth Estate**, 1926 **Pornography, Sex Work, and Hate Speech** Karen Maschke, 2024-11-01 Multidisciplinary focus.
