An Eye for an Eye Mitchel P. Roth, 2014-10-15 From an eye for an eye to debates over capital punishment humanity has a long and controversial relationship with doling out justice for criminal acts Today crime and punishment remain significant parts of our culture but societies vary greatly on what is considered criminal and how it should be punished In this global survey of crime and punishment throughout history Mitchel P Roth examines how and why we penalize certain activities and he scrutinizes the effectiveness of such efforts in both punishing wrongdoers and bringing a sense of justice to victims Drawing on anthropology archaeology folklore and literature Roth chronicles the global history of crime and punishment from early civilizations to the outlawing of sex crimes and serial homicide to the development of organized crime and the threat today of global piracy He explores the birth of the penitentiary and the practice of incarceration as well as the modern philosophy of rehabilitation arguing that these are perhaps the most important advances in the effort to safeguard citizens from harm Looking closely at the retributions societies have condoned Roth also looks at execution and its many forms showing how stoning hemlock the firing squad and lethal injection are considered either barbaric or justified across different cultures Ultimately he illustrates that despite advances in every level of human experience there is remarkable continuity in what is considered a crime and the sanctions administered Perfect for students
