

Ford Service Bulletins 1928 - 1931

SERVICE

In the Ford Motor Company we emphasize service equally with sales. It has always been our belief that a sale does not complete the transaction between us and the buyer but establishes a new obligation on us to see that his car gives him service. We are as much interested in his economical operation of the car as he is in our economical manufacture of it. This is only good business on our part. If our car gives service, sales will take care of themselves. For that reason we have installed a system of controlled service to take care of all Ford car needs in an economical and improved manner. We wish all users of Ford cars to know what they are entitled to in this respect so that they may readily avail themselves of this service.
