Section One: Chapters I, II, III

1. **Who is the main character? Briefly describe him.**

The main character of 1984 is Winston Smith. Orwell vividly describes Winston as a thirty nine year old with a varicose ulcer above his right ankle. Additionally, Winston is described as someone with a smallish, frail figure, with his body being emphasized by his blue overalls. He had very fair hair and his face was naturally sanguine in color, but his skin was roughed by coarse and blunt razor blades.

2. **What is the setting of the novel? Give the country and the city.**

1984 takes place in a dystopian society where everything is controlled and is said to take place in London, the main city of Airstrip One.

3. **What are the three slogans of the Party?**

The three slogans of the Party are: War is Peace, Freedom is Slavery, and Ignorance is Strength.

4. **Name each of the Ministries and explain its function. Also include the Newspeak name for each ministry.[]**

The Ministry of Truth has the role of spreading news, education, and entertainment. In Newspeak this ministry is called Minitrue. The Ministry of Peace concerns itself with war and is called Minipax in Newspeak. Miniluv, also known as the Ministry of Love, focuses on maintaining law and order. Finally, the last ministry is the Ministry of Plenty, also known as Miniplenty in Newspeak. The Ministry of Plenty focuses on economic development and affairs.

5. **What is Victory gin? Victory cigarettes? How do these work to control the people?**

Victory gin is this alcoholic liquid that is very potent to the point that one teaspoon gets a person feeling like they have been hit in the back of the head with a rubber club. Victory gin helps control the people due to its high potency and how people easily speak their minds when intoxicated. Victory cigarettes are similar to normal cigarettes, but they are multiple times stronger. This helps keep the people under control because people get addicted to these Victory cigarettes and will do anything to have some.

6. **What are the Two Minutes of Hate? Why do they exist?**

The Two Minutes of Hate is a break in the day that shows propaganda of Goldstein, the first traitor of the Party, as the principal figure. The Two Minutes of Hate exist because it directs the people's attention towards the enemy and away from the Party. Additionally, the Two Minutes of Hate brings out strong emotions in people, and those who do not have an angry or disgusted reaction are investigated by the Thought Police.

7. **Explain the importance of Emmanuel Goldstein. Describe him.**

The importance of Emmanuel Goldstein is that he was a powerful Party figure that was said to be on par with Big Brother, but would be the first traitor of the Party and his teachings and ideology would be the reason that crimes against the Party would begin to show up. Orwell describes Goldstein as having a lean Jewish face, great fuzzy aureole of white hair and a small goatee beard, a clever face, long thin nose, and a sheeplike voice.

8. **What crime does the main character commit? How does he do this? What is the punishment?**

Winston commits thoughtcrime by writing "DOWN WITH BIG BROTHER" over and over again in his diary. The punishment that Winston faces if he is to be caught would be his one-time existence being revoked and shot in the head, or death in any matter.

9. **Who is O'Brien? What does Winston think about him?**

confirmed that teacher speech dominates the second language classroom Not surprisingly teacher talk has been investigated in numerous studies but student talk has been largely overlooked this study addresses that imbalance Questions are one means of engaging student attention promoting verbal responses and evaluating student progress They facilitate interaction by establishing the topic the speaker and the respondent However as the author shows some teacher questions encourage communication while others inhibit it In this analysis of teacher and student questions and answers Professor Wintergerst offers new perspective on second language development and classroom learning in general

Were one to characterize the aims of this book ambitiously it could be said to sketch the philosophical foundations or underpinnings of the scientific world view or better of the scientific conception of the world In any case it develops a comprehensive philosophical view one which takes science seriously as the best method for getting to know the ontological aspects of the world This view is a kind of scientific realism causal internal realism as it is dubbed in the book This brand of realism is tough in matters of ontology but soft in matters of semantics and epistemology An ancestor of the book was published in Finnish under the title *Tiede toiminta ja todellisuus* Gaudeamus 1983 That book is a shortish undergraduate level monograph However as some research level chapters have been added the present book is perhaps best regarded as suited for more advanced readers I completed the book while my stay at the University of Wisconsin in Madison as a Visiting Professor under the Exchange Program between the Universities of Wisconsin and Helsinki I gratefully acknowledge this support I also wish to thank Juhani Saalo and Martti Kuokkanen for comments on the manuscript and for editorial help Dr Matti Sintonen translated the Finnish ancestor of this book into English to be used as a partial basis for this work His translation was supported by a grant from Suomalaisen kirjallisuuden edistämisyhteisö Finally and as usual I wish to thank Mrs
