Retail Management U. C. Mathur, 2010 Retail ventures become successful due to a variety of reasons but major dilemma for retail entrepreneurs is the secret formula for continued success The book provides the entire gamut of carefully crafted success themes which covers the retail business in its entirety Competition gives the benefit of large product range brands and competitive prices to the buyers Retail management is similar to the comprehensive management of a luxury liner that calls for round the clock operations Retail operations starting from vendor and retailer selections through which the business gets its full impact when the customer gets the product brand he wants where he wants and when he wants Virtual determinants of retail success have been thoroughly covered in the book besides the regular retail business areas The book describe retail entrepreneurs selection of dealers their motivation for selling their products in preference to competitive brands Sales calls made on retailers by the principles including call objective call planning call closure and feedback are highlighted for the benefit of the readers **Building Customer-Brand Relationships** Don E. Schultz, Beth E.

Barnes, Heidi F. Schultz, Marian Azzaro, 2009-02-23 Almost every advertising promotion or marketing communications textbook is based on an inside out approach focusing on what the marketer wants to communicate to customers and prospects This text takes a different view that the marketer and the customer build the ongoing brand value together Rather than the marketer trying to sell the role of the marketer is to help customer buy To do that a customer view is vital and customer insight is essential Customer insights allow the marketer to understand which audiences are important for a product what delivery forms are appropriate and what type of content is beneficial Building Customer Brand Relationships is themed around the four key elements marketing communicators use in developing programs audiences brands delivery and content but provides an innovative approach to marketing communications in the push pull marketplace that combines traditional outbound communications advertising sales promotion direct marketing and PR with the inbound or pull media of Internet mobile communications social networks and more Its customer centric media planning approach covers media decision before dealing with creative development and emphasizes measurement and accountability The text s concepts have been used successfully around the world and can be adapted and adjusted to any type of product or service **Car and Driver**, 2001
