Raindance Producers' Lab Lo-To-No Budget Filmmaking Elliot Grove, 2012-11-12 If you're looking for clear cut information on how to make a film on a minimal budget that is based on tried and tested techniques look no further Elliot Grove has worked on hundreds of low budget productions teaches Lo to No Budget filmmaking courses and runs the Raindance Film Festival the largest independent film festival in Europe His wealth of teaching and filmmaking experience combined with knowledge of the winning formulas that work is the basis of this book Refreshingly clear no nonsense tricks of the trade The free CD provides all the contracts and material you need to run a production company and make successful low budget movies how to schedule budget and break down a script and how to get it shot with what you have not what you want This is a must have read for filmmakers serious about making and selling films Creative and technical expertise coupled with a behind the scenes look at the film industry makes this book an excellent starting point for beginners For experienced filmmakers there are plenty of practical approaches in here for you to try from developing CV's showreels and business plans to information on pitching raising finance creating publicity and much much more Use it as a point of departure or as an everyday reference tool The accompanying CD ROM contains sample budgets publicity plans trailers and interviews **Film**

Marketing Finola Kerrigan, 2017-07-20 The role of the film marketer is both vital and challenging Promotion is one of the industry's biggest costs with the campaign of a large film costing up to half its production budget Box office results however are wildly unpredictable relatively few films a year make a profit These market conditions make this a unique industry and film marketing a specific and demanding skill set that requires attention early in the career of any marketing student looking to progress in the industry This new edition of Film Marketing is a thorough update of the first textbook in film promotion Like in the first edition Kerrigan takes a socio cultural as well as a business view of film marketing and its impact covering different approaches to promotion according to different aims and audiences internally and externally and across the world This book addresses all areas of film marketing from the rigorous perspective of someone with first hand knowledge of the trade This new edition also includes Additional pedagogy and visual examples to reinforce key points A more international range of cases and coverage of non Western markets to give a global overview of film marketing across the world New and expanded sections on social media digital promotion transmedia and crowdfunding This is the original film marketing text which no engaged film or marketing student should be without **Entertainment Science** Thorsten Hennig-Thurau, Mark

B. Houston, 2018-08-01 The entertainment industry has long been dominated by legendary screenwriter William Goldman's Nobody Knows Anything mantra which argues that success is the result of managerial intuition and instinct This book builds the case that combining such intuition with data analytics and rigorous scholarly knowledge provides a source of sustainable competitive advantage the same recipe for success that is behind the rise of firms such as Netflix and Spotify but has also fueled Disney's recent success Unlocking a large repertoire of scientific studies by business scholars and entertainment

economists the authors identify essential factors mechanisms and methods that help a new entertainment product succeed The book thus offers a timely alternative to Nobody Knows decision making in the digital era while coupling a good idea with smart data analytics and entertainment theory cannot guarantee a hit it systematically and substantially increases the probability of success in the entertainment industry Entertainment Science is poised to inspire fresh new thinking among managers students of entertainment and scholars alike Thorsten Hennig Thureau and Mark B Houston two of our finest scholars in the area of entertainment marketing have produced a definitive research based compendium that cuts across various branches of the arts to explain the phenomena that provide consumption experiences to capture the hearts and minds of audiences Morris B Holbrook W T Dillard Professor Emeritus of Marketing Columbia University Entertainment Science is a must read for everyone working in the entertainment industry today where the impact of digital and the use of big data can t be ignored anymore Hennig Thureau and Houston are the scientific frontrunners of knowledge that the industry urgently needs Michael K Imel media entrepreneur and Honorary Professor of Media Economics at University of Leipzig Entertainment Science s winning combination of creativity theory and data analytics offers managers in the creative industries and beyond a novel compelling and comprehensive approach to support their decision making This ground breaking book marks the dawn of a new Golden Age of fruitful conversation between entertainment scholars managers and artists All gre Hadida Associate Professor in Strategy University of Cambridge Language and Poverty Frederick Williams,2013-09-24 Language and Poverty Perspectives on a Theme is a collection of papers that juxtaposes different perspectives on the definition of language and language behavior in relation to poverty The book brings together a broad range of perspectives pertinent to language and poverty specifically that of poor children Topics on the language of the poor how to construct effective language programs for the poverty child biological and social factors in language development and standardized assessment of the language of disadvantaged children are covered Policy makers social workers language teachers sociologists psychologists and educators will find the text invaluable Managing Knowledge Stephen Little,Tim Ray,2012-06-21 Knowledge management is crucial to organizational learning innovation and success within organizations The Second Edition of the successful knowledge management reader provides a core source of key theoretical thinkers in the field and presents the most up to date leading edge articles that explore emerging trends A comprehensive introduction places these readings in context and draws together key strands across the field The new reader includes new and revised chapters as well as newly authored material to provide students with a current resource that enables the study of knowledge management from a variety of perspectives Theoretical work and engaging case studies place knowledge management in the context of an emerging global economy **Problem Solving and Critical Thinking for Designers** Christine M. Piotrowski,2011-04-12 The essential guide to decision making and problem solving for the interior designer The interior design profession requires effective problem solving and critical thinking as they impact all phases of the design project and

most work activities of the interior designer Whether you are a student or professional designer much of what you do involves these skills Although most of us do not even think about what we do in terms of these activities they are a constant part of design They are also skills that must be performed successfully outside a professional career Improving these skills makes you a more sought after employee and designer effective business owner and fulfilled individual Problem Solving and Critical Thinking for Designers will put the reader on the correct path to a solutions oriented practice Using her trademark accessible and conversational approach Christine Piotrowski guides readers through the process of how the working designer solves problems and makes decisions Some of the topics she discusses are Design process Communication Asking questions Problem definition and analysis Decision making process Negotiation Working with others Ethical decision making This book also features real life scenarios and design problems that guide the reader toward making correct decisions in real life situations
