One Hundred Poems and the Brain Henry Ryman Miner,2023-12-19 About the Book As Henry Ryman Miner began to grow older he noticed a subtle increase in forgetfulness like going to another room and forgetting what he came for He began to undertake various forms of mental exercise in an effort to improve his memory which led him to engage in the practice of memorizing and reciting favorite and newly discovered poems a practice that he combined with cycling in the Oakland hills Gradually his collection of memorized verse grew to reach one hundred poems Broken into three parts Miner first details his process for memorization explaining in detail his methods and strategies In part two he lists all one hundred poems and includes his thoughts on each reflecting on its place in the chronology of his life Now familiar with his personal process and poems Miner in part three explains the science behind memory memorization and the brain proving and disproving some of his own methods in part one A fascinating read on the realities of memory loss with aging and the power of poetry Miner s One Hundred Poems and the Brain blends science and art into one engaging thoughtful mental exercise

Saved by a Poem Kim Rosen,2009-10-01 Can someone really be saved by a poem In Kim Rosen s book the answer is a re sounding Yes Poetry the most ancient form of prayer is a necessary medicine for our times a companion through difficulty a guide when we are lost a salve when we are wounded and a conduit to an inner source of joy freedom and insight Whether you are a lover of poetry or have yet to discover its power Rosen offers a new way to experience a poem She encourages you to feel the poem as you might an affirmation or sacred text which can align every level of your being In an uncertain world Saved by a Poem is an emphatic call to cultivate the ever renewable resources of the heart Through poetry the unspeakable can be spoken the unendurable endured and the miraculous shared Weaving teaching story verse and memoir Rosen guides you to find a poem that speaks to you so you can take it into your life and become a voice for its wisdom in the world Inspirational audio download included Featuring the voices of well known authors reading a favorite poem and discussing its personal significance Joan Borysenko Andrew Harvey Jane Hirshfield Marie Howe Grace Yi Nan Howe Robert Holden Stanley Kunitz Elizabeth Lesser Thomas Moore Christiane Northrup Cheryl Richardson Kim Rosen and Geneen Roth

The Making of a Mystic Francis L. Gross,Toni Perior Gross,1993-01-01 This is a passionate book about a gifted woman It is written from a psychological viewpoint using the developmental point of view of a number of contemporary developmental psychologists both men and women It is a critique of contemporary American shallowness and is an apologia for a feminist ethic and a feminist sense of prayer in a world dominated by competition abstraction and unthinking labor

Email Randy Malamud,2019-09-19 Object Lessons is a series of short beautifully designed books about the hidden lives of ordinary things Sometime in the mid 1990s we began often with some trepidation to enroll for a service that promised to connect us electronically and efficiently to our friends and lovers our bosses and clients If it seemed at first like simply a change in scale our mail would be faster cheaper more easily distributed to large groups we now realize that email entails a

more fundamental alteration in our communicative consciousness Randy Malamud's Email is written for anyone who feels their attention and their intelligence not to mention their eyesight being sucked away byte by byte in a deadening tsunami of ill composed blather and meaningless internet flotsam Object Lessons is published in partnership with an essay series in The Atlantic

Things Seen and Unseen Nora Gallagher, 2007-12-18 Gracefully written and moving *Things Seen and Unseen* starts with Nora Gallagher entering the labyrinth of her life and ultimately it leads to the center of her being The Boston Globe It started with an occasional Sunday a tourist's visit to a local church Eventually Nora Gallagher entered into a yearlong journey to discover her faith and a relationship with God using the Christian calendar as her compass Whether writing about her brother's battle against cancer talking to homeless men about the World Series or questioning the afterlife One world at a time Gallagher draws us into a world of journeys and mysteries yet grounded in a gritty reality She braids together the symbols of the Christian calendar the events of a year in one church and her own spiritual journey each strand combed out with harrowing intimacy Thought provoking and profoundly perceptive *Things Seen and Unseen* is a remarkable demonstration that the road to the sacred is paved with the ordinary Like Kathleen Norris in *Amazing Grace* Gallagher is renewing the language of ultimate concerns San Francisco Chronicle The deep serenity that suffuses Gallagher's work the lyrical cadences in which she writes do not blunt the sharp edges of what she discovered in her quest for meaning Los Angeles Times

Towards a History of Consciousness Vwadek P. Marciniak, 2006 *Towards a History of Consciousness* Space Time and Death offers a cogent and compelling discussion of the neglected topic of the history of consciousness An analysis of our postmodern ontology reveals deep but neglected roots What are those roots and how did they grow Is there a self without consciousness What is the relation of the self to the individual Does the recognition of death contribute to the growth of consciousness As a survey of western history this work pushes the boundaries of the understanding of consciousness in intriguing and sometimes provocative directions This integrative study is intended for the serious curious student and thinker

Bring Down the Little Birds Carmen Giménez Smith, 2010-10-15 How does a contemporary woman with a career as a poet professor and editor experience motherhood with one small child another soon to be born and her own mother suddenly diagnosed with a brain tumor and Alzheimer's The dichotomy between life as a mother and life as an artist and professional is a major theme in modern literature because often the two seem irreconcilable In *Bring Down the Little Birds* Carmen Giménez Smith faces this seeming irreconcilability head on offering a powerful and necessary lyric memoir to shed light on the difficulties and joys of being a mother juggling work art raising children pregnancy and being a daughter to an ailing mother and perhaps most important offering a rigorous and intensely imaginative contemplation on the concept of motherhood as such Writing in fragmented yet coherent sections the author shares with us her interior monologue affording the reader a uniquely honest insightful and deeply personal glimpse into a woman's first and second journeys into motherhood Giménez Smith begins *Bring Down the Little Birds* by detailing the relationship with her own mother from whom

her own concept of motherhood originated a conception the author continually reevaluates and questions over the course of the book Combining fragments of thought daydreams entries from notebooks both real and imaginary and real life experiences Gim nez Smith interrogates everything involved in becoming and being a mother for both the first and second time from wondering what her children will one day know about her own secret life to meditations on the physical effects of pregnancy as well as the myths the nostalgia and the glorification of motherhood While Gim nez Smith incorporates universal experiences of motherhood that other authors have detailed throughout literature what separates her book from these many others is that her reflections are captured in a style that establishes an intimacy and immediacy between author and reader through which we come to know the secret life of a mother and are made to question our own conception of what motherhood really means **The Joyful Mystery: Field Notes Toward a Green Thomism** Christopher J. Thompson, 2017

The gift of this beautiful earth is not to be ignored or regretted instead this world is the central setting in which the Christian life is to be attentively lived and faithfully pursued Regard for creation and its creatures has been a perennial part of Christian spirituality for centuries In more recent decades it has been the special concern of Catholic social teaching Yet many Catholics today are unfamiliar with this aspect of Church thought And until the splendor of creation is recovered the path to a vibrant Catholic culture seems cut off The Joyful Mystery seeks to revive the Church's practice of integral ecology and encourages a deeper awareness of the presence of God the Creator and Lord of the universe In it author Christopher Thompson draws from the wisdom of St Thomas Aquinas and the Green Thomism he inspires in contemporary life Readers will come away moved by the presence of God manifest in his glorious cosmos and be drawn to integral ecology as a spiritual response The Amazon Pattern Theresa C. Dintino, 2015-06-06 What does it mean to bring indigenous wisdom to the postmodern world How do divination and ritual fit into modern society How does one integrate ancient spiritual teachings into a western mindset while remaining true to the original meaning Notes from a Diviner in the Postmodern World A Handbook for Spirit Workers is a guidebook for both diviners and spirit workers of any tradition In this book Dintino describes what she calls the landscape of the otherworld revealed to her through spirits ancestors archangels elemental and light beings in her divinations Whatever your spiritual tradition there's always a shared landscape of the otherworld Understanding the landscape will help you navigate your own spiritual terrain Learning how to be an effective diviner and spirit worker also means that you must interact fully with the wisdom of the place where you live which includes learning from all living things including mountains and water This powerful handbook teaches you how to heal your world by exploring inter dimensional realms and ultimately becoming a spiritual steward of the Earth When I became a diviner I did not expect to encounter a landscape in the otherworld that I would become familiar with and navigate more easily As I continued to divine I am still exploring this landscape but wanted to share some of the things I have learned in order to help those interested in the dimensional realms understand better what they are seeing What I have included in this book is not

meant to be rigid it is a conversation and a guide **Searching for God** Francis L. Gross,1989 A practical book for making good second starters in prayer morality choice of church and questions of religious content Searching for God is more concerned with choosing a good church than it is in finding the one true church It presents prayer as the beginning of contact with God and love as the foundation of morality *The Teacher's Calling* Gloria Durka,2002 Affirms the role of teachers as ministers of personal and social transformation and helps readers celebrate the mystery and wonders of a teacher s calling
