experience as an AAI provider coordinator and mental health therapist to bear on the topic of competence for animal handlers In a friendly easy to read style she clearly explains the need for competencies while identifying broad categories currently in use She then outlines training that addresses those competencies based on individual facility and client dynamics She further describes one model for easily integrating competency assessment into an interview and provides a form for documenting the competency assessment Additionally Howie addresses how to deal with problems that can arise in program management Anyone who reads this book will come away with the knowledge and confidence to assess handlers competence
