Theology of the Diaconate Owen F. Cummings, William T. Ditewig, Richard R. Gaillardetz, 2005 In these three essays which were presented as keynote lectures at the 2004 conference of the National Association of Diaconate Directors Professors Cummings Ditewig and Gaillardetz construct theologies of the diaconate in conversation with one another and the church The result is essential reading for deacons aspirants to the diaconate deacon directors as well as the other orders of the clergy and the laity Book jacket **Preach What You Believe** Michael Bulson, 2005 A collection of homilies by a deacon for deacons and anyone else who preaches These homilies which reflect the author's firm commitment to social justice are followed by discussion questions Understanding the Diaconate W. Shawn McKnight, 2018-07-13 What is a deacon More than fifty years since the restoration of the permanent diaconate by the Second Vatican Council the office of deacon is still in need of greater specificity about its purpose and place within the mission and organizational structure of the Church While the Church is more than a social reality the Church nonetheless has a social reality Our understanding of the diaconate therefore benefits from a theological discussion of the divine element of the Church and a sociological examination of the

human element Understanding the Diaconate adds the resources of sociology and anthropology to the theological sources of scripture liturgy patristic era texts theologians and magisterial teachings to conclude that the deacon can be understood as social intermediary and symbol of *communitas* who serves the participation of the laity in the life and mission of the Church This research proposes the deacon as a servant of the bond of communion within the Church facilitating the relationship between the bishop priest and his people and between the People of God and the individual in need Thus authentic diaconal ministry includes a vast array of many concrete contexts of pastoral importance where one does more than simply serve at Mass

Priest of the Church or Priest of a Church? Noel Cox, 2021-03-25 The development of new forms of ministry lay and ordained has included worker priests now found in the Anglican Communion in a related form variously called Self Supporting Ministry SSM or Non Stipendiary Ministry NSM This book focuses on one of the most recent developments the creation of Ordained Local Ministry After chapters that consider preliminary questions of the nature of ministry such as authority in the church and Holy Orders Noel Cox argues that the crucial distinction between these and other forms of ministry is that the Ordained Local Minister OLM is overtly ordained specifically for a given locality variously defined they are a deacon or priest for a specific church parish benefice or deanery rather than of the universal church Their introduction inevitably raises difficult ecclesiological questions which Cox examines

The Diaconate in Ecumenical Perspective Frederick C. (Fritz) Bauerschmidt, Anne Keffer, Maylanne Maybee, George E. Newman, Alison Peden, Josephine (Phina) Borgeson, Rosalind Brown, Brian A. Butcher, David Clark, Susanne Watson Epting, Gloria Marie Jones, E. Louise

Many Servants Ormonde Plater, 2004-01-25 In this newly updated and revised introduction to the permanent diaconate Plater includes a history of deacons in the early church a survey of deacons from the Reformation to the present stories of modern diaconal ministries including first hand accounts and a discussion of the formation training and deployment of deacons This book is a basic essential text for discernment committees and commissions on ministry and a comprehensive look at a vital ministry in the church today

The Church in the Making Richard R. Gaillardetz, 2006 Vatican II has become a place marker in the ecclesiastical and ideological geography of contemporary Catholicism Yet forty years later few who refer to the council and its teachings whether with approval or criticism demonstrate a solid grasp of those teachings Even fewer are aware of the important debates that have taken place in the past four decades regarding the council's authentic reception and implementation of its documents
