Race and Nation in Modern Latin America Nancy P. Appelbaum, Anne S. Macpherson, Karin Alejandra Rosemblatt, 2003 Based on cutting edge research these 12 essays examine connections between race and national identity in Latin America and the Caribbean in the post independence era They reveal how notions of race and nationhood have varied over time and across the region's political landscapes

Governing Maya Communities and Lands in Belize Laurie Kroshus Medina, 2024-05-17 Confronting a debt crisis the Belizean government has strategized to maximize revenues from lands designated as state property privatizing lands for cash crop production and granting concessions for timber and oil extraction Meanwhile conservation NGOs have lobbied to establish protected areas on these lands to address a global biodiversity crisis They promoted ecotourism as a market based mechanism to fund both conservation and debt repayment ecotourism also became a mechanism for governing lands and people even state actors themselves through the market Mopan and Qeqchi Maya communities dispossessed of lands and livelihoods through these efforts pursued claims for Indigenous rights to their traditional lands through Inter American and Belizean judicial systems This book examines the interplay of conflicting forms of governance that emerged as these strategies intersected state performances of sovereignty over lands and people neoliberal rule through the market and Indigenous rights claiming which challenged both market logics and practices of sovereignty

Bulmer-Thomas,2012-10-29 Examines the economic history of the Caribbean and is the first analysis to span the whole region **Maya Christians and Their Churches in Sixteenth-Century Belize** Elizabeth Graham,2020-03-17 It is widely held that Christianity came to Belize as an extension of the conquest of Yucatan and that adherence to Christian belief and practice was abandoned in the absence of enduring Spanish authority An alternative view comes from the excavations of Maya churches at Tipu and Lamanai which show that the dead were buried in Christian churchyards long after the churches themselves fell into disuse and pre Columbian ritual objects were cached in Christian sacred spaces both during and after Spanish occupation Excavations also reveal that the architectural style of these early churches is Franciscan in inspiration but nonetheless the product of continuing community efforts at construction and repair A conclusion difficult to ignore is that the Maya of Tipu and Lamanai considered themselves Christians with or without Spanish presence Viewing historical and archaeological data through the lens of her personal experience of Roman Catholicism and informed by feminist approaches Elizabeth Graham assesses the concept of religion the significance of doctrine the empowerment of the individual and the process of conversion by examining the meanings attributed to ideas

objects and images by the Maya by Iberian Christians and by archaeologists Graham's provocative study also makes the case that the impact of Christianity in Belize was a phenomenon that uniquely shaped the development of the modern nation. A volume in the series Maya Studies edited by Diane Z Chase and Arlen F Chase Routledge International Handbook of Critical Gang Studies David Brotherton, Rafael Gude, 2021-07-28 Routledge International Handbook of Critical Gang Studies is rooted in the instability inequality and liquidity of the post industrial era. It understands the gang as a complex and contradictory phenomenon a socio historical agent that reflects responds to and creates a certain structured environment in spaces which are always in flux. International in scope and drawing on a range of sociological criminological and anthropological traditions it looks beyond pathological ahistorical and non transformative approaches and considers other important factors that produce the phenomenon whether the historically entrenched racialized power structure and segregation in Chicago the unconstrained state abandoned development of favelas in Brazil or the colonization displacement and dependency of people in Central America. This handbook reflects and defines the new theoretical and empirical traditions of critical gang studies. It offers a variety of perspectives including A view of gangs that takes into consideration the global context and appearance of the gang in its various forms and stages of development An appreciation of the gang as a socio cultural formation A race ethnic and class analysis of the gang that problematizes domain assumptions such as the underclass Gender variations of the gang phenomenon with a particular emphasis on their intersectional properties Relations between gangs and the political economy that address the dominant mode of production and exchange Treatments that demonstrate the historically contingent nature of gangs and their changes across time The contradictory impact of gang repressive policies institutions and practices as part of a broader discussion on the nature of the state in specific societies and Critical methodologies on gangs that involve discussions of visual and textual representations and the problematics of data collection and analysis Authoritative multi disciplinary and international this book will be of interest to criminologists sociologists and anthropologists alike particularly those engaged with critical criminology sociology youth crime delinquency and global social inequality The Handbook will also be of interest to policy makers and those in the peacebuilding field
