1421 The Year China Discovered America Gavin Menzies:

1421 Gavin Menzies, 2008-06-03 On March 8 1421 the largest fleet the world had ever seen set sail from China to proceed all the way to the ends of the earth to collect tribute from the barbarians beyond the seas When the fleet returned home in October 1423 the emperor had fallen leaving China in political and economic chaos The great ships were left to rot at their moorings and the records of their journeys were destroyed Lost in the long self imposed isolation that followed was the knowledge that Chinese ships had reached America seventy years before Columbus and had circumnavigated the globe a century before Magellan And they colonized America before the Europeans transplanting the principal economic crops that have since fed and clothed the world *Who Discovered America?* Gavin Menzies, Ian Hudson, 2013-10-08 Greatly expanding on his blockbuster 1421 distinguished historian Gavin Menzies uncovers the complete untold history of how mankind came to the Americas offering new revelations and a radical rethinking of the accepted historical record in *Who Discovered America* The iconoclastic historian's magnum opus *Who Discovered America* calls into question our understanding of how the American continents were settled shedding new light on the well known discoveries of European explorers including Christopher Columbus In *Who Discovered America* he combines meticulous research and an adventurer's spirit to reveal astounding new evidence of an ancient Asian seagoing tradition most notably the Chinese that dates as far back as 130 000 years ago Menzies offers a revolutionary new alternative to the Beringia theory of how humans crossed a land bridge connecting Asia and North America during the last Ice Age and provides a wealth of staggering claims that hold fascinating and astonishing implications for the history of mankind *1421- the Year China Discovered the World* Gavin Menzies, 2002

including the work of such geniuses as da Vinci Copernicus Galileo and more In 1434 Gavin Menzies combines this long overdue historical reexamination with the excitement of an investigative adventure He brings the reader aboard the remarkable Chinese fleet as it sails from China to Cairo and Florence and then back across the world Erudite and brilliantly reasoned 1434 will change the way we see ourselves our history and our world **1434 Intl** Gavin Menzies,2008-06-03
