

The First World War 1914-1918

1914 1918 The History Of The First World War

David Stevenson

1914 1918 The History Of The First World War:

1914-1918 David Stevenson,2004 In the summer of 1914 Europe exploded into a frenzy of mass violence The war that followed had global repercussions destroying four empires and costing millions of lives Even the victorious countries were scarred for a generation and we still today remain within the conflict s shadow In this major new analysis published ninety years after the First World War began David Stevenson re examines the causes course and impact of this war to end war placing it in the context of its era and exposing its underlying dynamics His book provides a wide ranging international history drawing on insights from the latest research It offers compelling answers to the key questions about how this terrible struggle unfolded questions that remain disturbingly relevant for our own time **1914-1918** David Stevenson,2012

1914-1918 David Stevenson,2004-09-02 1914 1918 David Stevenson s history of the First World War has been acclaimed as the definitive one volume account of the conflict In the summer of 1914 Europe exploded into a frenzy of mass violence The war that followed had global repercussions destroying four empires and costing millions of lives Even the victorious countries were scarred for a generation and we still today remain within the conflict s shadow In this major analysis David Stevenson re examines the causes course and impact of this war to end war placing it in the context of its era and exposing its underlying dynamics His book provides a wide ranging international history drawing on insights from the latest research It offers compelling answers to the key questions about how this terrible struggle unfolded questions that remain disturbingly relevant for our own time It s harder to imagine a better single volume comprehensive history of the conflict than this superb study Ian Kershaw Perhaps the best comprehensive one volume history of the war yet written New Yorker David Stevenson is the real deal His defining characteristic is his outstanding rigour as an historian tremendously clever Niall Ferguson This history of the 1914 1918 conflict surpasses all others It is tough erudite and comprehensive Independent A History of the Great War C. R. M. F. Cruttwell,1969 *A History of the Great War, 1914-1918* Charles Robert Mowbray Fraser Cruttwell,1961 The First World War, 1914-1918 Gerd Hardach,1981 The First World War unquestionably represents an important climacteric in economic history However the significance of that climacteric is variously interpreted Essentially there are four themes whose order of priority depends on the observer s view point the decay of the classical capitalist world economy based on Great Britain and the gold standard the progress of industrialisation overseas brought about by the temporary economic paralysis of Europe the long term effect of structural changes in the economies of the warring industrial countries more especially the merging of the economy and the apparatus of state finally the development of the international labour movement from its nadir in August 1914 to its triumphant culmination of the Russian October Revolution I have endeavoured to the best of my ability to do justice to these various aspects and to place them in a common context which might be described as the crisis of the capitalist world economy *A History of the Great War, 1914-1918* C.R.M.F. Cruttwell,2019-09-03 This vivid detailed history of World War I presents the general reader with an accurate and readable

account of the campaigns and battles along with brilliant portraits of the leaders and generals of all countries involved. Scrupulously fair praising and blaming friend and enemy as circumstances demand, this has become established as the classic account of the first world wide war.

The Great War Marc Ferro, 2003 A landmark history of the war that firmly places the First World War in the context of imperialism and gives due weight to the role of non Europeans in the conflict.

The First World War, 1914-1918; Volume 1 Charles À Court 1858-1925 Repington, 2015-08-26 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. A Brief History of the First World War Jon E. Lewis, 2014-05-15 Even 100 years on from the First World War it haunts us still. No other conflict has revealed so dramatically the senselessness of war and none has shaped the modern world to the same extent from its impact on the Russian Revolution and the rise of Hitler to the final break up of the British Empire and the supremacy of America. These compelling eyewitness accounts over 180 of them of the War to End All Wars cover every facet of the war from the Flanders trenches to the staffrooms of the Imperial German Army from T E Lawrence Lawrence of Arabia in the desert to German fighter ace the Red Baron in the air and from English Land Girls to German U boat crews in the North Atlantic. There are contributions from all combatant nations including the UK USA France

Germany Canada Italy Australia Russia Serbia and India and the book includes a detailed timeline and maps *The First World War* Holger H. Herwig, 2014 A History of the World from the 20th to the 21st Century John Ashley Soames Grenville, 2005 Provides a comprehensive survey of the key events and personalities of this period 1914-1918 Stéphane Audoin-Rouzeau, Annette Becker, 2002 Essential reading on the first world war a book not about military strategy or the day to day progress of battles but the special character and consequences of the most violent war in history The combatants thought the Great War was the war to end all wars It was unlike any other before or since in three neglected but highly significant ways First it was unprecedented in its violence and carnage Why was this and what were the effects of tolerating it Second each side was motivated by a vehement nationalistic racist animus against the enemy How did this crusade evolve and what did it mean for Europe and the world Third with its millions of deaths the war created a tidal wave of grief How could mourners ever come to terms with the agonizing pain The Great War shaped the twentieth century and especially its disasters This important new book makes a vital contribution to understanding this traumatic and terrible period in our history With its wealth of compelling documentary evidence drawn from all sides in the conflict this innovative work has already established itself as a classic in the history of modern warfare Some Potential Origins of the First World War (1914-1918) Marion Luger, 2009-09-17 Seminar paper from the year 2000 in the subject History of Germany World War I Weimar Republic grade 1 0 University of Sussex language English abstract Throughout World War I almost 15 million people lost their lives as one of its consequences the Austrian Hungarian Russian and Turkish Empires fell apart and the old internal and international order was for ever destroyed Owing to the fact that the First World War marked the beginning of an entire new era the investigation of its origins still remains a controversial historical issue While some historians put the emphasis on the primacy of domestic policies and assert that internal pressures conditioned the decisions of the belligerent states others maintain the concept of the 19th century German historical scientist Ranke who stressed the importance of foreign affairs on the authorities motivations leading to the Great War In this essay however I will firstly concentrate on the formal justifications of war declarations section II Thereupon section III scrutinizes these official statements by considering the broader imperial and military framework Furthermore section IV attempts to reveal the origins of a system of alliances and rivalries among European nations whereas section V surveys the impacts of these tensions on the thought process on the eve of World War I The Oxford Illustrated History of the First World War Hew Strachan, 1998 **Cataclysm** David Stevenson, 2009-03-25 David Stevenson s widely acclaimed history of World War I changes forever our understanding of that pivotal conflict Countering the commonplace assumption that politicians lost control of events and that the war once it began quickly became an unstoppable machine Stevenson contends that politicians deliberately took risks that led to war in July 1914 Far from being overwhelmed by the unprecedented scale and brutality of the bloodshed political leaders on both sides remained very much in control of events throughout According to Stevenson the disturbing reality is that the course of the

war was the result of conscious choices including the continued acceptance of astronomical casualties In fluid prose Stevenson has written a definitive history of the man made catastrophe that left lasting scars on the twentieth century Cataclysm is a truly international history incorporating new research on previously undisclosed records from governments in Europe and across the world From the complex network of secret treaties and alliances that eventually drew all of Europe into the war through the bloodbaths of Gallipoli and the Somme to the arrival of American forces and the massive political economic and cultural shifts the conflict left in its wake Cataclysm is a major revision of World War I history **The Great War** Ian F. W. Beckett, 2014-01-14 The course of events of the Great War has been told many times spurred by an endless desire to understand the war to end all wars However this book moves beyond military narrative to offer a much fuller analysis of the conflict s strategic political economic social and cultural impact Starting with the context and origins of the war including assassination misunderstanding and differing national war aims it then covers the treacherous course of the conflict and its social consequences for both soldiers and civilians for science and technology for national politics and for pan European revolution The war left a long term legacy for victors and vanquished alike It created new frontiers changed the balance of power and influenced the arts national memory and political thought The reach of this account is global showing how a conflict among European powers came to involve their colonial empires and embraced Japan China the Ottoman Empire Latin America and the United States **A Companion to World War I** John Horne, 2011-11-23 A Companion to the First World War brings together an international team of distinguished historians who provide a series of original and thought provoking essays on one of the most devastating events in modern history Comprises 38 essays by leading scholars who analyze the current state of historical scholarship on the First World War Provides extensive coverage spanning the pre war period the military conflict social economic political and cultural developments and the war s legacy Offers original perspectives on themes as diverse as strategy and tactics war crimes science and technology and the arts Selected as a 2011 Outstanding Academic Title by CHOICE *Austro-Hungarian War Aims in the Balkans during World War I* M. Fried, 2014-07-01 The conquest of Serbia was only one of the goals of the Austro Hungarian Empire in the First World War beyond this lay the desire to control much of South East Europe Employing previously unseen sources Marvin Fried provides the first complete analysis of the Monarchy s war aims in the Balkans and tells the story of its imperialist ambitions

Whispering the Secrets of Language: An Psychological Journey through **1914 1918 The History Of The First World War**

In a digitally-driven earth wherever monitors reign supreme and instant conversation drowns out the subtleties of language, the profound secrets and emotional nuances hidden within phrases frequently go unheard. However, set within the pages of **1914 1918 The History Of The First World War** a charming fictional value sporting with natural feelings, lies an exceptional journey waiting to be undertaken. Composed by a skilled wordsmith, this charming opus encourages visitors on an introspective trip, delicately unraveling the veiled truths and profound impact resonating within the very cloth of every word. Within the mental depths with this emotional evaluation, we shall embark upon a sincere exploration of the book is core themes, dissect its charming writing type, and succumb to the powerful resonance it evokes heavy within the recesses of readers hearts.
