

Ford Service Bulletins 1928 - 1931

SERVICE

*In the Ford Motor Company we emphasize service equally with sales * It has always been our belief that a sale does not complete the transaction between us and the buyer but establishes a new obligation on us to see that his car gives him service * We are as much interested in his economical operation of the car as he is in our economical manufacture of it * This is only good business on our part * If our car gives service, sales will take care of themselves * For that reason we have installed a system of controlled service to take care of all Ford car needs in an economical and improved manner * We wish all users of Ford cars to know what they are entitled to in this respect so that they may readily avail themselves of this service.*
