Bonaparte, 2024-09-07 This collection addresses intersections and gaps between practice theory and research that both connect and divide compassion and pedagogies In foregrounding practice it makes an important contribution to the growing call for universities and educators to adopt inclusive student centred approaches that challenge us to fundamentally re think what universities do It celebrates the role of students as co creators of knowledge locating them at the heart of what pedagogies of compassion in higher education should feel like and look like It examines how compassion can become both critical and strategic in order to disrupt systems and orthodoxies that are no longer fit for purpose in a post pandemic world The ultimate goal the book aims to address is the need for humane universities driven by compassion rather than profit which can help to build fairer and more socially just societies The book extends the theoretical and practical discussions of compassion as a fundamental organizing principle in higher education It brings fresh interdisciplinary thinking theories and approaches including the neuroscience of compassion classical Eastern philosophies intersectional compassion sustainability

and environmental stewardship It also includes critical reflection on experiences challenges barriers and enablers across multiple levels and perspectives These range from reflections on compassion in the classroom to compassion in the boardroom as well as in the many other spaces and places where learning occurs It offers a creative collection of essays on compassionate practices in higher education and appeals to anyone who is concerned about the moral standing of the university For some time now we have been told that universities must be viewed on the business model but this has only discouraged faculty students and staff As the contributors show however the very idea that teaching and educational practices could be more closely linked to compassion is definitely appealing and it gives us a more inspiring way of thinking about the university of the future Richard J White Creighton University Omaha NE USA **Shibumi** Trevanian,2005-05-10 A classic spy novel from the bestselling author Trevanian about a westerner raised in Japan who becomes one of the world s most accomplished assassins Nicholai Hel is the world s most wanted man Born in Shanghai during the chaos of World War I he is the son of an aristocratic Russian mother and a mysterious German father and is the prot g of a Japanese Go master Hel survived the destruction of Hiroshima to emerge as the world s most artful lover and its most accomplished and well paid assassin Hel is a genius a mystic and a master of language and culture and his secret is his determination to attain a rare kind of personal excellence a state of effortless perfection known only as shibumi Now living in an isolated mountain fortress with his exquisite mistress Hel is unwillingly drawn back into the life he d tried to leave behind when a beautiful young stranger arrives at his door seeking help and refuge It soon becomes clear that Hel is being tracked by his most sinister enemy a supermonolith of international espionage known only as the Mother Company The battle lines are drawn ruthless power and corruption on one side and on the other shibumi The Gentlemen's Hour Don Winslow,2012-11-27 Originally published Great Britain William Heinemann 2009 **The Kings of Cool** Don Winslow,2012-06-19 From the New York Times bestselling author of The Cartel The Force and The Border In Savages Don Winslow introduced Ben and Chon twenty something best friends who risk everything to save the girl they both love O Among the most celebrated literary thrillers Savages was a Top 10 Book of the Year selection by Janet Maslin in The New York Times and Stephen King in Entertainment Weekly Now in this high octane prequel to Savages Winslow reaches back in time to tell the story of how Ben Chon and O became the people they are Spanning from 1960s Southern California to the recent past The Kings of Cool is a breathtakingly original saga of family in all its forms fathers and sons mothers and daughters friends and lovers As the trio at the center of the book does battle with a cabal of drug dealers and crooked cops they come to learn that their future is inextricably linked with their parents history A series of breakneck twists and turns puts the two generations on a collision course culminating in a stunning showdown that will force Ben Chon and O to choose between their real families and their loyalty to one another **Savages** Don Winslow,2012-05-29 Running a lucrative marijuana operation in Laguna Beach sometime environmentalist Ben and mercenary Chon confront a dangerous adversary in the Mexican Baja cartel which
