Prophecy and Politics in South African Pentecostalism Mookgo Solomon Kgatle, 2023-12-28 This book is an interdisciplinary study of the relationship between prophecy and politics in South African Pentecostalism The role and the power of prophecy in enhancing the presence of politicians in the church square are unpacked through historical examples as well as case studies of contemporary prophets Solomon Kgatle argues that the influence of prophecy in politics has the potential to weaken the prophetic voice of the church in general and the Pentecostal movement in particular He proposes a Pentecostal political theology of prophecy This theology is developed by taking into cognizance the theoretical and theological frameworks of prophetic imagination and pneumatological imagination In addition this theology seeks a balance between prophecy and power and prophecy and sovereignty

Pentecostalism and Cultism in South Africa Mookgo Solomon Kgatle, 2021-02-28 Pentecostalism is a growing movement in world Christianity However the growth of Pentecostalism in South Africa has faced some challenges including the abuse of religion by some prophets This book first names these prophets and the churches they lead in South Africa and then makes use of literary and media analysis to analyse the religious practices by the prophets in relation to cultism Additionally the book analyses the celebrity cult and how it helps promote the prophets in South Africa The purpose of this book is threefold First to draw parallels between the abuse

of religion and cultism Second to illustrate that it is cultic tendencies including the celebrity cult that has given rise to many prophets in South Africa Last to showcase that the challenge for many of these prophets is that the Pentecostal tradition is actually anti cultism and thus there is a need for them to rethink their cultic tendencies in order for them to be truly relevant in a South African context **The Use and Abuse of the Spirit in Pentecostalism** Mookgo S. Kgatle, Allan H.

Anderson, 2020-11-29 This book is a pneumatological reflection on the use and abuse of the Spirit in light of the abuse of religion within South African Pentecostalism Both emerging and well established scholars of South African Pentecostalism are brought together to reflect on pneumatology from various approaches which includes among others historical biblical migration commercialisation of religion discernment of spirits and human flourishing From a broader understanding of the function of the Holy Spirit in different streams of Pentecostalism the argument is that this function has changed with the emergence of the new Prophetic churches in South Africa This is a fascinating insight into one of the major emerging worldwide religious movements As such it will be of great interest to academics in Pentecostal Studies Christian Studies Theology and Religious Studies as well as African Studies and the Sociology of Religion **Invoking God** Mehr A.

Kalami, 2025-08-04 The main theme of this literary work examines avarice insatiable greed and abysmal voracity of those individuals who under the guise of serving God serve their own vested interest This documented book exposes such people who achieve almost everything to fill their coffers and to vent their hatred through deceit and the obfuscation of the public It is a known fact that the majority of the televangelists commenced life modestly most of them devoid of any academic erudition in theology but with some certification from unrecognized seminaries spread throughout the country wherever they reside What captivated my interest in writing this book is the unscrupulous methods that such people have employed to accumulate unjustified immense wealth and properties just through the art of obfuscation deceit and false promises of invoking God to heal the sick and dying for a fee a fee that would leave them unhealed and poverty stricken

Commercialisation of Religion in South Africa Mookgo Solomon Kgatle, Jonas Sello Thinane, Chammah J.

Kaunda, 2023-11-22 Aspects of the 2017 Final Report of the South African Commission on the Promotion and Protection of the Rights of Cultural Religious and Linguistic Communities CRL have drawn strong criticism particularly from South African scholars politicians and the public The criticism is largely regarding the constitutionality of its recommendation which calls for regulation of the Religion to combat its abuse and commercialization Scholars have criticized the CRL Rights Commission for hastening its investigation and releasing the final report without having a substantive understanding of what is meant by the commercialization of religion and consequently the unconstitutional implications of the recommendation to regulate religion A close reading of this critique has pointed to the urgent need to assemble a cumulative body of research that examines and advances understanding of what is meant by the commercialization of religion Accordingly this book gathers scholarly contributions which offer valuable insights into the basics of what is meant by the commercialization of religion

Contributors examine this phenomenon from the historical roots to the manifestation in the contemporary world particularly in South Africa

Technologies and Media Production Cultures Albert Sharra, Ufuoma Akpojivi, 2025-05-15 This volume delves into the intricate relationship between technology and media production emphasizing its influence across political socio economic and cultural contexts By 2010 the integration of computing and automated systems had already begun revolutionizing media production prompting traditional outlets to embrace a digital first approach Concepts like dual management processes and the fusion of traditional and digital systems have emerged challenging

conventional norms What sets this transformation apart is the gradual replacement of human decision making with communicative artificial intelligence and automation Technology now plays a central role in producing and distributing news and Ads fundamentally altering the media landscape However there has been limited exploration of the broader implications of these advancements particularly from the perspective of the Global South This edited volume seeks to address this gap by featuring papers that examine how technology has reshaped newsroom and advertorial processes in countries like Malawi South Africa and Nigeria Through a collection of insightful essays readers are invited to explore the transformative power of technology in media production packaging and distribution systems From digital innovations to traditional media adaptations this volume offers a comprehensive understanding of the evolving media landscape in the age of technology **Public Righteousness** Abimbola A. African Evangelicalism and the Transformation of Africa Jacob K. Olupona, 2025 What is the impact of Evangelical Christianity on Africa Evangelical Christianity and the Transformation of Africa will answer this question Evangelical Christianity is manifesting into a strong presence in African states perhaps more than in any other place in the world Given its exponential rise in Africa it is increasingly clear that Christianity in its evangelical form is exercising significant influence in virtually all spheres of life defining the essence of public and private life Drawing on original works from leading scholars in humanities and social science disciplines such as Afe Adogame Yolanda Covington Ward Jacob Olupona Derek Peterson Shobana Shankar and Nimi Wariboko this volume endeavors to produce a comprehensive study of Evangelical Christianity in Africa paying careful attention to disciplinary interconnections as well as social cultural political and economic forces Among other subjects essays in this volume address examples of evangelical subjectivity and identity formation against the current political backdrops of Nigeria Kenya the Democratic Republic of Congo and other nations While the book works to convey the core elements of the evangelical movement across the African continent it recognizes the importance of its diverse manifestations giving additional focus to Pentecostal groups and their distinct social cultural and political engagements At the same time it works to correct the unwarranted saturation of attention given to Pentecostal Charismatic movements in recent scholarship and expands the study of evangelicalism in Africa into the sphere of mainline churches and extra ecclesial organizations Authors also reflect on the ways that the African diaspora and transnational ties contribute to the make up of contemporary African evangelicalism In short this edited volume examines how the centrality of religion in African affairs political economic cultural ideological domains has contributed to turning Evangelical Christianity into the official face of the Christian Church in Africa today

To Another Level Sherry Majette, 2021-11-05 During my new beginning and walk with the Lord I have received a second chance for my life to make things right The cover design depicts one of the many visions given to me As you look at the cover of this book you are looking at a stairway leading up to the light at the end of the tunnel When I heard a voice say to me Look to your right See those steps over there I want you to start walking up there to that light before you until you reach the top I agreed As I started on my journey it became the longest walk of my life The steps were long but narrow At one point about midway there were a lot of distractions and people traveling the same path There were moments of gray with limited light to darkness and tunnels of blackness of uncertainty of where I was and being alone becoming fearful but I kept walking Then I came to a crossroad with only a right and left turn and there was a light People began to take those left and right turns but I heard the Lord say No do not turn to your right nor to your left keep walking to the light before you It was a long hard journey to get there but when I arrived at the door the light was even brighter I turned to look behind me and saw that I was alone Everyone else took the shortcut to a different destination Listen and follow that small still voice when you hear it it s the Holy Spirit speaking to you

Critical management studies in South Africa

, 2021-11-30 This book shows how Critical Management Studies CMS scholarship is starting to develop a character of its own in South Africa It attests to CMS slowly gaining momentum and acquiring an identity of its own amongst South African scholars However management studies in South Africa is dominated by capitalist ideology and positivist methodology Although Interpretive scholarship has gained some momentum it still falls within the parameters of mainstream capitalist thinking Scholarship outside the domain of capitalist thinking such as critical scholarship remains sorely underexplored Being entrenched in the positivist tradition is arguably a major Achilles Heel for the progression of management as a field of inquiry CMS presents a vehicle for alternative epistemologies to be heard in the management discourse With its focus on power imbalances struggles for emancipation from oppression and distrust of capitalism CMS provides the peripheral point of view with a voice CMS presents a space where scholars can engage with South African realities surrounding political

cultural social and historical contexts and issues in management This book is promoting CMS to the scholarly community to show that there are exciting possibilities being offered by a different approach to management scholarship This book also forms part of a larger project of growing CMS in South Africa and is a collection of original works by academics actively working in CMS following various methodological approaches which can be categorised into two broad methodological categories namely conceptual work and empirical work following an Interpretive approach Religion and Inequality in Africa Ezra Chitando, Loreen Maseno, Joram Tarusarira, 2023-01-12 This volume reveals how religion interfaces with inequality in different African contexts Some contributors undertake detailed analyses of how religion creates and justifies different forms of inequality that holds back individuals groups and communities across the continent from flourishing while others show how religion can also mitigate inequality in Africa Topics addressed include gender inequality economic inequality disability ageism and religious homophobia Specifically focusing on the United Nations Sustainable Development Goal 10 to reduce inequality within and among countries this book highlights the extent to which Africa's notoriously religious identity needs to be taken into account in discourses on development
