Schedule 1 I Project Description Ifad:

Guidelines on irrigation investment projects Food and Agriculture Organization of the United Nations, 2019-04-15 Irrigation has been and will continue to be an agricultural and rural investment priority Development of the irrigation sector faces multiple challenges including water scarcity and degradation competition over shared resources and the impact of climate change Innovations are needed to address these challenges as well as emerging needs and to promote productive equitable and sustainable water management These guidelines produced by an inter agency team highlight experiences and lessons learned from global irrigation investment operations They introduce innovative approaches tools and references and provide practical guidance on how to incorporate or apply them at each stage of the investment project cycle The guidelines will be a useful resource for national and international professionals involved in irrigation investment operations **Final Report Ifad's Role in Jamaica Prepared for the Inter-american Institute for Cooperation on Agriculture**, *Water user associations*, 2018-06-20 *Yearbook of the United Nations, Volume 43 (1989)* United Nations, 2023-09-14 Fully indexed the 1989 edition of the Yearbook is the most comprehensive and authoritative reference publication about the work of the United Nations other international organizations and related bodies The book is designed not just for use by diplomats officials and scholars but also by other researchers writers journalists teachers and students This volume of the Yearbook details the activities of the United Nations its many organs agencies and programmes working together to rekindle a new form of multilateral cooperation for a better world It records the diverse and globe encompassing activities of the United Nations and its enduring efforts to deal with the world's pressing concerns particularly matters of international peace and security disarmament human rights the settlement of regional conflicts economic and social development the preservation of the environment control of drugs and narcotic substance abuse crime prevention adequate shelter youth and the ageing and humanitarian assistance for refugees as well as disaster relief **Securing sustainable small-scale fisheries: sharing good practices from around the world** Food and Agriculture Organization of the United Nations, 2019-02-26 This document includes eight studies showcasing good practices in support of sustainable small scale fisheries FAO commissioned these studies aiming to share experiences and promote the implementation of the Voluntary Guidelines for Securing Sustainable Small Scale Fisheries in the Context of Food Security and Poverty Eradication SSF Guidelines The case studies were also intended to promote participatory approaches in line with the SSF Guidelines principles and to promote increased interaction between research and fishing communities including the use of traditional knowledge and participatory research It is hoped that the case studies will inform policy and policy processes and in this way promote sustainable small scale fisheries according to the SSF Guidelines and the human rights based approach to development HRBA The case studies constitute a rich selection of experiences and are diverse not only with regard to their geographical setting but also in scope and approach They span from looking at one specific tool for sharing experiences the fisheries learning exchanges

methodology in Madagascar and Mozambique or examining the enabling environment in a specific thematic area disaster risks in Bangladesh to regional policy formulation on small scale fisheries the SSF Guidelines protocol for Caribbean policies and reflection on how to use the SSF Guidelines in participatory processes the Myanmar step by step approach to discussions with small scale fisheries communities A few of the papers look at co management in some cases combining fisheries management and social development Senegal Uruguay and Nepal with one focusing on the role of small scale fisheries and community organizations India Generally the case studies refer to HRBA but perhaps because many of the activities have taken place in the past it seems that HRBA has rarely been consciously and explicitly implemented Still the case studies bear witness to a number of experiences and practices that are clearly steps in the right direction Key good practices emerging from the studies refer to among other things holistic approaches to co management and social responsibility broad engagement inclusiveness and partnerships the power of communication and gender equality and the role of women As more experience is gained our knowledge of how to go about implementing the SSF Guidelines will improve and nurture new and continued initiatives For the present and the future efforts should be made to apply HRBA while continuing to share experiences and good practices showing how to do so when implementing the SSF Guidelines

Microfinance and Poverty Alleviation Ben Quinones, Joe Remenyi, 2014-02-04 Despite the considerable economic growth of the Asia Pacific poverty continues to be a major problem One key way to create sustainable livelihoods and to provide poor households an escape route from poverty is microfinance Since the early 1980s microfinance practitioners have proven that the poor are creditworthy capable of utilizing scarce capital efficiently in viable income generating projects and able to pay back their loans This book collects the experience of microfinance practitioners in 11 countries in the Asia Pacific region to describe the present state of the art It is designed to provide an overview of the subject why it is so essential to poverty reduction what is the best practice what kind of policy framework and regulatory environment is required It offers both an extensive survey of the academic literature and a selection of case studies all from authors who have been active practitioners in microfinance for many years The case studies cover four key countries in South Asia and three countries in East Asia in which microfinance had become particularly important There is also a regional chapter covering the Pacific islands

The Influence of Financial Relations on Sustaining Rural Livelihood in Sudan Gihan Adam Abdalla, 2013 This book started with a vision to portray Sudanese rural livelihood and question whether microfinance is able to sustain rural living The village of Al Dagag in the North Kordofan state of Sudan was chosen to be the research case study However further questions arose due to using the inductive methodology of Grounded Theory Throughout the entire research process different categories emerged from the data which conceptualize the perspective of the rural people on livelihood

microfinance and financial institutions The path to remodel the livelihood approach led to including new determinants Series Spectrum Berlin Series on Society Economy and Policy in Developing Countries Spektrum Berliner Reihe zu Gesellschaft Wirtschaft und Politik in Entwicklungslandern Vol 108 **Report of the Seventh Regular Meeting of the Inter-American Board of Agriculture , FAO Investment Centre - Annual review 2020** Food and Agriculture Organization of the United Nations,2021-06-25 The FAO Investment Centre provides a wide range of support services to help countries make more and better investments in food and agriculture This review looks back at the work the Centre carried out with its partners in 2020 Despite a challenging year amid the COVID 19 pandemic the Centre s global team supported investment related policy and sector studies to increase policy dialogue and contributed to the design technical assistance supervision or evaluation of investment projects in 120 countries The Centre increasingly linked both its policy work with investment support to scale up impact And it promoted greater knowledge sharing and innovation while also helping to strengthen the capacity of people and institutions to make better investment decisions The Centre continues to remain relevant by adapting its skills and expertise to keep pace with a constantly evolving investment landscape and fast changing world and by advocating for more sustainable agri food systems *Project Planning, Monitoring and Evaluation* Mr. Rohit Manglik,2024-04-23 EduGorilla Publication is a trusted name in the education sector committed to empowering learners with high quality study materials and resources Specializing in competitive exams and academic support EduGorilla provides comprehensive and well structured content tailored to meet the needs of students across various streams and levels

Improving irrigation project planning and implementation processes in Sub-Saharan Africa: Diagnosis and recommendations ,2006-01-23 Weaknesses in planning and implementation P I have been identified as one of the main reasons for the disappointing results of agricultural water development and management projects Based on a review and critical analysis of experiences and case studies in sub Saharan Africa this studycomponent proposes practical ways of improving performance related to planning and implementation and thereby enhancing the returns to investments in agricultural water **Annual Report** International Fund for Agricultural Development,2007 **Foreign Assistance and Related Agencies Appropriations** United States. Congress. House. Committee on Appropriations. Subcommittee on Foreign Operations and Related Agencies Appropriations,1984 [Review of the Global Environment Facility Earth Fund](#) ,

Small-scale Flood Control, Drainage and Irrigation Project ,1982 **Integral Human Development** Jacquineau Azétsop,2019-12-09 Pope Paul VI s notion of integral human development which was endorsed by his successors including Pope Francis broke with the modern project of purely economic and technological development resulting in an original understanding of development Like a conventional notion of development this theoretical construct favors economic growth technological innovation and the implementation of social programs However development is not just a socioeconomic and political issue let alone a technical one it raises fundamentally theological questions and points to important ethical

challenges Hence integral human development is a vocation at which all personal social and political activity must be directed As such it is not a social but an anthropological program Far from being a secular development theory the notion of integral human development emphasizes the religious goal of reconciling humanity and God through the creation of a human family over and above material social and economic issues Sustained by global principle and shaped by different cultural views this book brings forth the uniqueness of this approach to development examines its contribution to human welfare and anticipates the resistances it may face

Joint evaluation of collaboration among the United Nations Rome-Based Agencies Food and Agriculture Organization of the United Nations, International Fund for Agricultural Development, World Food Programme, 2021-11-15

The UN Rome based agencies RBAs FAO IFAD and WFP collaborate in many forms from joint advocacy policy and technical work to joint projects This is the first independent evaluation of collaboration among the RBAs It has been jointly undertaken by the evaluation offices of FAO IFAD and WFP The evaluation's primary objective was to assess whether and to what extent RBA collaboration is contributing to the achievement of the 2030 agenda particularly at country level The evaluation found that collaboration among the RBAs is a daily reality reflecting the shared strengths and commitment of these distinctly different organizations Although competition for resources continues in some contexts there is widespread recognition of complementarity In some cases the current collaborative management processes are not the best way to stimulate joint work with some types of collaboration imposing higher transaction costs The operating context for the RBAs is dynamic with significant potential and where realism and pragmatism are key to meaningful and effective collaboration Presently efforts to promote RBA collaboration are not fully grounded in an accurate understanding of the conditions in which it is most effectively pursued and the formal statements of corporate commitment to collaboration reflect this The report makes six recommendations of which five are addressed to management of the three agencies and one of which targets the member states Recommendation 1 Update the MOU among the RBAs Although the current five year MOU was only signed three years ago significant changes since then make an update necessary Recommendation 2 Restructure and reinforce the coordination architecture for RBAC within the framework of UNDS reform to ensure that at all levels the coordination and evaluation of RBAC includes more proactive efforts to develop and disseminate lessons and knowledge about how to optimize collaboration among and beyond the RBAs about the costs and benefits of RBAC and about technical experience that can be usefully shared Recommendation 3 Further embrace the new joint programming mechanisms at the country level and ensure constructive collaborative RBA engagement with these mechanisms Recommendation 4 Focus administrative collaboration efforts on further embracing the United Nations efficiency agenda Recommendation 5 In considering the development of joint projects and programmes assess the costs and benefits of the proposed collaboration and only proceed if the benefits

outweigh the costs Recommendation 6 The Member States of the RBA Governing Bodies should reappraise and adequately resource their position on RBA collaboration Social analysis for inclusive agrifood investments Christensen, I., Romano, M., 2023-12-12 More than a decade has passed since the publication of the series entitled Social Analysis of Agriculture and Rural Investment Projects which comprises three complementary manuals the Manager s Practitioner s and Field guides During this time conflict climate change and economic downturns have been driving up poverty hunger and socioeconomic inequalities reducing the resilience of agrifood systems In response the FAO Investment Centre has updated the Social Analysis guides to address the evolving and volatile rural transformation context providing programme managers practitioners and field workers with a set of enhanced tools for the design implementation and evaluation of inclusive investments in agrifood systems Today s investments must prioritize more demand driven people centred culturally sensitive and locally owned sustainable approaches with increased attention to reducing gender and other inequalities Operationalizing these principles contributes to FAO s and financing agencies objectives of ending poverty improving food security and nutrition and reducing inequalities The goal of the updated guides is to support investments that contribute to inclusive resilient and sustainable agrifood systems aligned with the outcomes of the UN Food Systems Summit the Sustainable Development Goals SDGs and the core principle of leaving no one behind This publication is part of the Investment Toolkits series under the FAO Investment Centre s Knowledge for Investment K4I series The contents of this publication have been turned into three e learning courses which are accessible for free through the FAO E learning Academy
