Pensatori ecopacifisti 3 Fabio Zanieri,2023-01-23 Il terzo volume dedicato ai pensatori ecopacifisti si apre con le suggestioni regalate all'autore dal film Noah che lo conducono a riflettere sulla posizione dell'essere umano nell'universo I capitoli seguenti che hanno come protagonisti Serge Latouche Greta Thunberg e Capriolo Zoppo detto Capo Seattle affrontano il problematico rapporto degli esseri umani con la natura mentre il tema della pace domina nell'ultimo capitolo dedicato a Giovanni XXIII detto Il Papa buono

Additivi e tossici negli alimenti Marinella Melis,2014 We Cannot Escape from Ourselves Francesco Peraro-Pireddu,2025-04-29 What drives a person to pursue perfection to submit to the will of others or to follow a road already marked out that leads straight to failure It is the Hidden Rules that we have generated since pregnancy and that now condition our existence without us realising it The P E C c Le Regole Nascoste della Vita The Hidden Rules of Life method explains how these Rules influence our current choices and relationships Through the stories of the protagonists the author leads us to understand the deeper meaning of one's actions their origin and how to change them in order to realise ourselves fully The Hidden Rules emerge already during gestation when we are programmed to adapt to the environment that awaits us after birth If not updated these Rules can lead to a life of deprivation dependence on others and failure With No Escape from Ourselves the author teaches how to recognise and replace them in order to live as creators of one's own existence A journey of discovery that leads to new perspectives on ourselves others and the world **P.E.C.c. Le Regole Nascoste della Vita® - Non si sfugge a Sé Stessi - Terza edizione Aggiornata** Francesco Peraro-Pireddu,2023-10-19 La Terza Edizione Aggiornata di Non si sfugge a S Stessi cartacea ed eBook porta importanti cambiamenti Tutti i capitoli sono stati migliorati e alcuni riscritti e ampliati Cosa spinge una persona a inseguire la perfezione sottostare alla volontà altrui o percorrere una strada già tracciata che porta dritti al fallimento Sono le Regole nascoste che abbiamo generato fin dalla gravidanza e che ora condizionano la nostra esistenza senza che ce ne rendiamo conto Il metodo P E C c Le Regole Nascoste della Vita spiega come queste Regole influiscano sulle nostre scelte e relazioni attuali Attraverso le storie dei protagonisti l'autore ci porta a comprendere il significato profondo delle proprie azioni la loro origine e come modificarle per realizzare pienamente se stessi Le Regole Nascoste emergono già durante la gestazione quando siamo programmati per adattarci all'ambiente che ci attende dopo la nascita Se non vengono aggiornate queste Regole possono portare a una vita di privazioni dipendenza dagli altri e fallimenti Con Non si sfugge a S Stessi l'autore insegna a riconoscerle e sostituirle per vivere come creatori della propria esistenza Un viaggio di scoperta che porta a nuove prospettive su se stessi gli altri e il mondo Italian Habitats: High-altitude lakes ,2002 La montagna sacra Enrico Camanni,2024-04-05T00:00:00+02:00 Le montagne esistono perché noi possiamo scalarle possiamo camminarci possiamo sciarci Ha senso in un ecosistema così fragile perseguire un modello di sviluppo fondato sulla crescita sull'aumento anno dopo anno di turisti e di impianti Perché altre culture dall'Himalaya alle Ande hanno immaginato l'esistenza di montagne sacre

luoghi da cui l'uomo dovesse restare lontano. Cosa ci insegna questa idea di limite? Se sulle carte geografiche non esistono più spazi bianchi e inesplorati in montagna, non esistono più vette inviolate. In particolare sulle Alpi, ogni anno di pari passo con la scomparsa della neve, aumentano gli impianti di risalita a quote assurde e non si arrestano i disegni speculativi dalla spinosa questione delle Cime Bianche sotto il Cervino ai progetti invasivi sul Sassolungo nel cuore delle Dolomiti, agli impianti per le Olimpiadi invernali di Milano Cortina 2026. Anche la cultura alpinistica un tempo attenta a definire dei limiti per garantire il proprio futuro, sta accettando una sempre maggiore spettacolarizzazione e una competizione senza più vincoli. No limits. Contro questa deriva, nata nel 2022, una proposta che ha scosso tutta la comunità alpinistica italiana: scegliere una cima, il Monveso di Forzo tra la Val Soana e la Val di Cogne, e dichiararla sacra, impegnandosi a non salirla. Non calpestarne più la vetta. Una proposta che ha acceso un grande dibattito, dividendo il mondo degli ambientalisti e dei frequentatori della montagna. E non solo. Ma una cima non sottomessa ai capricci dell'uomo, sull'esempio di quanto avviene da secoli in Himalaya e sulle Ande, la strada giusta per ritrovare il senso del limite che abbiamo perso, cos'è che la montagna può tornare a essere una maestra di vita?

Un altro mondo è possibile? Giuseppe Cognetti, 2023-04-21T00:00:00+02:00. La guerra russo-ucraina, scatenata da Putin con l'aggressione di uno stato sovrano in aperta violazione del diritto internazionale, ha enormemente acuitizzato le negatività del tempo che viviamo. Diventa più che mai necessario puntare sull'improbabile, come ha affermato Edgar Morin, e aprirsi al principio di speranza di cui scrisse nel Novecento Ernst Bloch. Il libro che deve molto all'opera di Raimon Panikkar, muove dall'urgenza di lavorare per un nuovo umanesimo dialogico e interculturale e cerca di mettere a fuoco, correttamente, come operare in concreto per un mondo migliore, fuori da astratte utopie e posizioni ideologiche lontane dalla realtà. La domanda di fondo, ancora possibile, è praticare un atteggiamento di pace e di dialogo e operare per la giustizia. Che vuol dire propriamente la parola dialogo e perché oggi non può che essere interculturale e quindi accogliere culture diverse da quella occidentale, senza minimamente abdicare ai nostri valori: ragione, critica, diritti umani, democrazia, libertà, ma relativizzandoli. Nel contesto drammatico aperto dalla guerra, ci può aiutare a riflettere su una celebre parola di Gesù: Chi senza peccato scagli la prima pietra.
