Setting The Table Transforming Power Of Hospitality In Business Danny Meyer:

Setting the Table Danny Meyer, 2006-10-03 In October 1985 at age twenty seven Danny Meyer with a good idea and scant experience opened what would become one of New York City's most revered restaurants Union Square Cafe Little more than twenty years later Danny is the CEO of one of the world's most dynamic restaurant organizations which includes eleven unique dining establishments each at the top of its game How has he done it How has he consistently beaten the odds and set the competitive bar in one of the toughest trades around In this landmark book Danny shares the lessons he's learned while developing the winning recipe for doing the business he calls enlightened hospitality This innovative philosophy emphasizes putting the power of hospitality to work in a new and counterintuitive way The first and most important application of hospitality is to the people who work for you and then in descending order of priority to the guests the community the suppliers and the investors This way of prioritizing stands the more traditional business models on their heads but Danny considers it the foundation of every success that he and his restaurants have achieved Some of Danny's other insights Hospitality is present when something happens for you It is absent when something happens to you These two simple concepts for and to express it all Context context context trumps the outdated location location location Shared ownership develops when guests talk about a restaurant as if it's theirs That sense of affiliation builds trust and invariably leads to repeat business Err on the side of generosity You get more by first giving more Wherever your center lies know it name it believe in it When you cede your core values to someone else it's time to quit Full of behind the scenes history on the creation of Danny's most famous restaurants and the anecdotes advice and lessons he has accumulated on his long and ecstatic journey to the top of the American restaurant scene **Setting the Table** is a treasure trove of innovative insights that are applicable to any business or organization

The Bible s version of leadership is pretty different from and sometimes alien to that of the business world It is also dissimilar from our usual assumptions about what makes a great leader in the church where we tend to focus on preaching ability strategic hutzpah and managerial savvy But what if the Bible actually points toward a different set of characteristics necessary for leadership What if our weakness is an essential qualification Do we know our limitations our inabilities Do we see clearly our vulnerable broken selves Do we really believe that God s strength is perfected in our weakness and do we lead with that as a core belief James Howell s Weak Enough to Lead is not a list of leadership principles from the Bible This book is an examination of stories about leaders from the Old Testament where we discover not only them but ourselves How does family dysfunction or depression or tragic bad luck or larger historical forces figure into the leadership equation How do biblical characters

prosper despite themselves or stumble even while being holy Can we get inside the head heart and the actual administration of King David and reckon with his strength and foibles How is strength in leadership almost always the downfall of the biblical leader What kind of leader would Jesus Esther Moses Jeremiah or Paul be today Howell explores the careers struggles joys and devastations of various biblical leaders believing that immersion in scripture s stories is what modern Christian leaders need not to succeed so much as to be God s people in the world He roots this unique exploration of leadership in a prayer of Jehoshaphat We do not know what to do but our eyes are upon you Indulge Your Senses Michael Dorf, Paul Keegan, 2019-10-08 Simply put Michael Dorf is a true hustler When the internet upended the music business he wasn t romantic to the way things were done and like any great entrepreneur focused on what s happening today It has been fun for me to watch Michael operate in this ever changing world There is a lot that can be learned from this man Gary Vaynerchuk Founder and CEO VaynerMedia and author *Crushing It* As founder of the iconic Knitting Factory music venue in New York Michael Dorf became one of the earliest pioneers of digital music in the 1990s and found himself addicted to the seductive promise of the Internet But losing everything in the dot com bust led to a renewed appreciation for the sensory pleasures of life and inspired him to gamble big with his latest crazy idea Launching a wine making facility in the middle of Manhattan for patrons who could also have dinner in a cozy three hundred seat venue while watching concerts by artists such as Elvis Costello Steve Earle Suzanne Vega and Esperanza Spalding After surviving another economic cataclysm the Great Recession of 2008 Dorf found that his City Winery concept worked beautifully and he expanded it into a national network of clubs that continues to grow rapidly Along the way he realized why his venues are sold out nearly every night from Boston to Nashville Trapped in a digital bubble increasingly separate from the real world people are eager for the visceral sensory experiences he offers In *Indulge Your Senses* Scaling Intimacy in a Digital World Dorf tells riveting tales from his wild ride through three decades of business escapades and dispenses invaluable wisdom for readers entrepreneurs executives students professionals lovers of music and wine who are struggling to balance the virtual and the real in a world awash in technology Music wine food and community not only has Michael Dorf cracked the code on a recipe so many of us crave most in an increasingly disconnected world he s also managed to grow a brilliantly successful business while listening to his gut and sticking to his values It s a feat that all entrepreneurs would be wise to study closely Danny Meyer CEO Union Square Hospitality Group Founder Shake Shack and author *Setting the Table* The Transforming Power of Hospitality in Business The lessons learned in Michael Dorf s fascinating career make this as much a business book about how to thrive by indulging a customer s senses in our digital age as it is a gripping tale from an insider in the New York rock and jazz world during a period of massive technological change Steve Case co founder of the investment firm Revolution LLC and former CEO of AOL Sonic Youth Beck John Zorn Cecil Taylor Michael Dorf showcased them all at his cutting edge Knitting Factory Neil Young Aaron Neville Macy Gray Shawn Colvin those artists and more have graced his upscale City Winery It s hard to
