Nike is considered the gold standard in the modern era of start ups. Representing greatness and grace, Nike's swoosh is among the few iconic logos that can be recognized by anyone anywhere in the world. Shoe Dog finally unveils the mysterious Phil Knight, the person who built Nike from scratch. After decades of keeping silence about the company's history, Phil Knight finally opens up in this honest and humorous account of the hardships of starting a company. Phil Knight made the most important choice in his life when he found himself at a crossroad. He was only twenty-four years old when he set off to see the world. Phil was backpacking through Africa, Europe, and Asia and struggling with the Great Questions life had offered when he finally resolved that the right path for him is one where no one else would dare go. In Shoe Dog, Phil Knight recounts how he pleaded with harsh bankers, how he struggled to keep up with unforgiving competitors, and how he managed to overcome colossal setbacks. Phil also describes the meaningful relationships he had formed with the people at Nike: the company's cofounder and his former track coach, Bill Bowerman, as well as Blue Ribbon Sports' first employees, a strange group that shared the belief that sports is an instrument of liberation and put their faith in one another. United by a single daring vision and a familiar passion, Phil Knight and his merry band of brothers crafted both a brand and a culture that would change the industry forever. Wait no more, take action, and get this book now. **Shoedog** George Pelecanos, 2013-09-17
