Growing Up Poor Terry Moses Williams, William Kornblum, 1985-01-01 This ethnographic study looks at teenagers trapped in poverty how some succeed in the struggle to get

out and others finally give up trying It is an outgrowth of interviews with some 900 teens in New York City Cleveland Louisville and Meridian Mississippi The neighborhoods where they live are socially and racially diverse Among them are white areas sliding into poverty as traditional blue collar jobs in smokestack industries fade away and black and Hispanic neighborhoods where chronic unemployment has long been the prevailing tradition and fact of life Based on the teenagers own accounts the book describes their experiences with working and seeking work achievements in school and athletics family life and the positive influences of their peers and adult mentors It also details the negative choices that tend to make poverty a life sentence prostitution and street hustles pregnancy and early parenthood gang membership and criminal outlets drugs and withdrawal into despair Still hope is an unquenchable attribute of youth and it bubbles up in this book as the authors show how much these teenagers seek to do for themselves in exercising their limited options **Public Opinion**

,1889 *Written Out* Joel Cabrita,2023-01-17 Systemic racism and sexism caused one of South Africa s most important writers to disappear from public consciousness Is it possible to justly restore her historical presence Regina Gelana Twala a Black South African woman who died in 1968 in Swaziland now Eswatini was an extraordinarily prolific writer of books columns articles and letters Yet today Twala s name is largely unknown Her literary achievements are forgotten Her books are unpublished Her letters languish in the dusty study of a deceased South African academic Her articles are buried in discontinued publications Joel Cabrita argues that Twala s posthumous obscurity has not developed accidentally as she exposes the ways prejudices around race and gender blocked Black African women like Twala from establishing themselves as successful writers Drawing upon Twala s family papers interviews newspapers and archival records from Pretoria Uppsala and Los Angeles Cabrita argues that an entire cast of characters censorious editors territorial White academics apartheid officials and male African politicians whose politics were at odds with her own conspired to erase Twala s legacy Through her unique documentary output Twala marked herself as a radical voice on issues of gender race and class The literary gatekeepers of the racist and sexist society of twentieth century southern Africa clamped down by literally writing her out of the region s history *Written Out* also scrutinizes the troubled racial politics of African history as a discipline that has been historically dominated by White academics a situation that many people within the field are now examining critically Inspired by this recent movement Cabrita interrogates what it means for her a White historian based in the Northern Hemisphere to tell the story of a Black African woman Far from a laudable recovery of an important lost figure Cabrita acknowledges that her biography inevitably reproduces old dynamics of White scholarly privilege and dominance Cabrita s narration of Twala s career resurrects it but also reminds us that Twala tragically is still not the author of her own life story **The Graphic**
