guidance in almost every condition of life but on the other hand it is quite true that many dangerous precepts have been propounded in proverbs and some of the older ones gave such questionable advice or were couched in such objectionable language that they have been very properly omitted from every collection intended as this is for general use Other old proverbs have become obsolete and as their meaning is now obscure they have not been included in the Dictionary **Little Oxford Dictionary of Proverbs** Elizabeth Knowles,2016-10-06 Little Oxford Dictionary of Proverbs features over 2 000 proverbs and sayings from around the world arranged across 250 subjects from Books and Borrowing to Dreams and Drink Each theme has a short introduction giving an overview of the proverbial treatment of the topic and each proverb is accompanied by information on its date source and meaning Not only is this book a pleasure to browse but it is ideal for quick reference with its comprehensive index that makes it easy to find the exact phrase you re looking for Beautifully produced and designed it is the perfect gift for anyone who loves language Drawing on Oxford s ongoing dictionary research and language monitoring the second edition of this delightful book adds phrases that have come to prominence or increased in popularity since publication of the first edition such as Never waste a good crisis and Dress for the job you want not for the job you have which add a contemporary flavour to the selection of more traditional English proverbs and the popular sayings used in the English speaking world from Asia Africa Middle East and many other cultures Find phrases on all aspects of life in this fascinating little book A Dictionary of Anglo-American Proverbs & Proverbial Phrases, Found in Literary Sources of the Nineteenth and Twentieth Centuries George B. English Proverbs and Proverbial Phrases (Classic Reprint) William Carew Hazlitt,2017-11-19 Excerpt from English Proverbs and Proverbial Phrases That popular phraseology which has subsisted among us time out of mind and which may be said to constitute a kind of common speech presents to our notice a theme peculiarly abounding in curiosity interest and social illustration The Rev John Ward Vicar of stratford on avon in the time of Charles II observes in his diary Six things required to a proverb 1 Short 2 Plain 3 Common 4 Figurative 5 Ancient 6 True If we allow this to be a fair criterion or standard it follows that in the existing collections are a very great number of articles which have no real title to a place there and such is indeed the actual fact In Dr Fuller s Gnomologia 1732 there are

6496 sayings but of these a considerable proportion would have to be eliminated to satisfy Mr Ward's postulates for there are assuredly many which do not fall under any of those heads About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
