Knapp, Florian Nafz, Frank Ortmeier, Hella Ponsar, Gerhard Schellhorn, Alexander Schiendorfer, 2025-06-28. This Festschrift dedicated to Wolfgang Reif on the occasion of his 65th birthday collects contributions written by many of his closest research colleagues and many of his former students. After obtaining his PhD in Karlsruhe in 1991, Wolfgang was appointed professor in Ulm in 1994 and then moved on to a chair in Augsburg in 2000. He was the founding dean of the Faculty for Applied Computer Science where he established an Elite Master programme on Software Engineering together with TU Munich and LMU Munich and the study programme on Computer Science in Engineering. In 2008 he founded the Institute for Software and the constant goal of applying innovative theoretical methods to practical applications in competitive, realistic and large case studies. New Perspectives in End-User Development Fabio Paternò, Volker Wulf, 2017-08-09. This book provides an in

depth insight into the emerging paradigm of End User Development (EUD), discussing the diversity and potential for creating effective environments for end users. Containing a unique set of contributions from a number of international researchers and institutes, many relevant issues are discussed and solutions proposed, making important aspects of end user development research available to a broader audience. Most people are familiar with the basic functionality and interfaces of computers. However, developing new or modified applications that can effectively support users' goals still requires considerable programming expertise that cannot be expected of everyone. One of the fundamental challenges that lie ahead is the development of environments that enable users with little or no programming experience to develop and modify their own applications. The ultimate goal is to empower people to flexibly employ and personalise advanced information and communication technologies. **Advances in Data and Information Sciences** Shailesh Tiwari, Munesh C. Trivedi, Mohan

L. Kolhe, Brajesh Kumar Singh, 2024-01-02. This book gathers a collection of high-quality peer-reviewed research papers presented at the 5th International Conference on Data and Information Sciences (ICDIS 2023) held at Raja Balwant Singh Engineering Technical Campus, Agra, India, on June 16-17, 2023.
