Dewan budaya, 2011 Zapin, Folk Dance of the Malay World Mohd. Anis Md. Nor, 1993 In contrast to the scholarly attention given to the research of dance and music in other South East Asian countries such as Thailand, Indonesia and the Philippines, Malaysian performance traditions are rarely the focus of academic studies. Indeed, this is the first book to have been published on Zapin, a Malaysian performing art which extends to Singapore and East Sumatra. The syncretic combination of Arab and Malay performance elements in this dance is explained in detail with the extensive use of dance notations and music transcriptions. The book argues that the transposition of Zapin from a communal level to a national one involved not only a change in the context in which the dance is performed but also a change in its structure and cultural meaning. Finally, the book traces the historical evolution of the Malay dance form from a participatory art to one that is passively observed and investigates the music and dance structure of the genre. *Kearifan Tempatan: Pengalaman Nusantara: Jilid 2 - Meneliti Kosmologi dan Adat Istiadat (Penerbit USM)* Mohd Kipli Abdul Rahman, Nazarudin Zainun, Rahimah A.
