Digital Disability The Social Construction Of Disability In New Media Critical Media Studies Institutions Politics And Culture:

Digital Disability Gerard Goggin, Christopher Newell, 2003 Media representation of and for the disabled has been recharged in recent years with the expansion of new media worldwide Interactive digital communications such as the Internet new varieties of voice and text telephones and digital broadcasting have created a need for a more innovative understanding of new media and disability issues This engaging analysis offers a global perspective on how people with disabilities are represented as users consumers viewers or listeners of new media by policymakers corporations programmers and the disabled themselves Harold Innis Paul Heyer, 2003 His name may not be as well known as that of his colleague and spiritual descendent Marshall McLuhan but Harold Innis s 1894 1952 influence on contemporary critical media and communication studies has been no less profound This concise look at Innis s life and contributions to the communication field charts his beginnings in political economy to his later work in critical media studies and communications history synthesizing his key publications and clearly showing their ongoing resonance for the field today The book also includes an appendix by William J Buxton on the History of Communications manuscript and one by J David Black on the contributions of Mary Quayle Innis

Development and the Politics of Human Rights Scott Nicholas Romaniuk, Marguerite Marlin, 2015-12-15 Despite decades spent confronting human rights violations around the world particularly in regions of instability the issue remains one of the most divisive chaotic and challenging to address Development and the Politics of Human Rights takes a much needed holistic approach It unpacks the questions of human advocacy and policy identifies tra

Herbert Schiller Richard Maxwell, 2003 Herbert I Schiller 1919 2000 has been called America s most original and influential media analyst of the left in the twentieth century Maxwell s timely book fuses biography and history in a digest of Schiller s major works to reveal their continuing relevance for critical communication studies Visit our website for sample chapters

Critical Communication Theory Sue Curry Jansen, 2002 In this text Sue Curry Jansen brings a different perspective to contemporary communication inquiry She engages two questions at the heart of critical politics of communication what do we know And how do we know it

Many Voices, One World International Commission for the Study of Communication Problems, 2004 Originally published in 1980 and now back in print Many Voices One World came out of hundreds of international studies and proposed reforms for global communication media to ensure a free flow of information Prepared by the distinguished MacBride Commission and frequently referred to as the MacBride Report it criticized corporate control of media flows and suggested ways to make media production accessible in poorer countries Beginning with the right of individuals and nations to communicate this report tackled problems related to government controls censorship one way flows of information cultural dominance and commercialization of the mass media It called for more voices more freedom of expression and the protection of journalists rights Still widely taught and cited the

MacBride Report is a key work in the history of communication that continues to be relevant today

Contesting Media Power James Curran, Nick Couldry, 2003-09-22 Contesting Media Power is the most ambitious international collection to date on the worldwide growth of alternative media that are challenging the power concentration in large media corporations Media scholars and political scientists develop a broad comparative framework for analyzing alternative media in Australia Chile China Indonesia Malaysia Russia Sweden South Africa the United Kingdom and the United States Topics include independent media centers gay online networks and alternative web discussion forums feminist film political journalism and social networks indigenous communication and church sponsored media This important book will help shape debates on the media's role in current global struggles such as the anti globalization movement

The Global and the National Terhi Rantanen, 2002 This original book explores the development of post Soviet media and communications in Russia a newly globalized environment following radical social change Unique empirical research on new communications technologies news agencies television and advertising in Russia shows how the experience and effects of globalization which initially played a liberating role in the downfall of communism are being transformed by the reassertion of the national The Global and the National challenges conventional assumptions about globalization and contributes to a better understanding of its theoretical base as well as its effects on non Western countries

Internet Governance in Transition Daniel J. Paré, 2003 All Internet users will find this book a useful tool for understanding the increasingly complex web of Internet control

Privacy and the Information Age Serge Gutwirth, 2002 In a time in which new technologies make it easy to gather and process data the discussion on privacy tends to focus exclusively on the protecting of personal data To Serge Gutwirth privacy involves far more He advances the intriguing thesis that privacy is in fact the safeguard of personal freedom the safeguard of the individual's freedom to decide who she or he is what she or he does and who knows about it Any restriction on privacy thus means an infringement of personal freedom And it's exactly this freedom that plays an essential role in every democracy

Recovering a Public Vision for Public Television Glenda R. Balas, 2003 In 1995 US public television faced possible elimination of federal funding potentially commercialising this type of broadcasting This study suggests that these strains have undermined public broadcasting historically the result is that programming no longer prioritises social reform

Gendered Media Karen Ross, 2013-02-20 Gendered Media addresses the broad topic of gender and media where gender is not simply a shorthand for woman but also embraces masculinities queer lesbian and gay identities Karen Ross provides the necessary historical context against which to read recent sex and gender based media phenomena such as Big Brother Terminator girls use of mobile phones women news editors the Wonderbra generation the Hillary Clinton and Sarah Palin phenomena and so on The book is an overview of the various aspects of gender and media in one volume The book provides introductory overviews to the various themes around women men sexuality and the ways in which these attributes are cross cut by other demographics such as age ethnicity and disability In this way the book genuinely tries to provide a broad

introduction to the ways in which gender in all its facets engages with media in one accessible volume **Reality TV** Mark Andrejevic, 2004-09-08 Drawing on cultural theory and interviews with fans cast members and producers this book places the reality TV trend within a broader social context tracing its relationship to the development of a digitally enhanced surveillance based interactive economy and to a savvy mistrust of mediated reality in general Surveying several successful reality TV formats the book links the rehabilitation of Big Brother to the increasingly important economic role played by the work of being watched The author enlists critical social theory to examine how the appeal of the real is deployed as a pervasive but false promise of democratization **Global Media Governance** Seán Ó Siochrú, Bruce Girard, Amy Mahan, 2002-05-01 This book is a primer on media governance at a global level and the key influencing forces and organizations such as ITU WTO UNESCO WIPO and ICANN Governance oversees regulation and questions addressed here include Why do we regulate the various media at all What currently are the major forms of global regulation and how do they work Who participates in and who benefits from media regulatory and governance structures And what are the trends Anyone interested in the media and its progressively rising influence over so many dimensions of society will sooner or later find themselves confronted with these questions This book does not pretend to answer all the questions but it raises key ones and points in directions where more complete answers can be found Published in cooperation with UNRISD **Changing Concepts of Time** Harold A. Innis, 2004-02-10 This classic book Harold Innis s last returns to print with a new introduction by James Carey An elaboration of Innis s earlier theories *Changing Concepts of Time* looks at then new technological changes in communication and considers the different ways in which space and time are perceived Innis explores military implications of the U S constitution freedom of the press communication monopolies culture and press support of presidential candidates among other interesting and diverse topics **Newswriters Unite** Catherine McKercher, 2002 Over the last forty years new technology and rapid concentration of ownership have caused fundamental changes in North American newspapers Newswriters unions have struggled to protect their members and to reinvent themselves to keep up with the relentless pace of change in the workplace and recent strikes such as that of Seattle newspaper workers highlight the ongoing challenges This engaging and accessible book focuses on how the Newspaper Guild the main union for reporters and editors adopted a strategy of labor convergence joining with other media workers in the large and diverse Communications Workers of America union McKercher also looks at the nationalism of Canadian newswriters who instead joined an all Canadian union similar to CWA and explores a case study on an extreme form of labor convergence in Vancouver She concludes that while labor convergence is a work in progress it is a promising development for newswriters and their unions helping them adjust to change and perhaps expand into new areas of the communication sector **Toward a Political Economy of Culture** Andrew Calabrese, Colin Sparks, 2003-11-22 Several of the most important and influential political economists of communication working today explore a rich mix of topics and issues that link work policy studies and research and theory about the public

sphere to the heritage of political economy Familiar but still exceedingly important topics in critical political economy studies are well represented here market structures and media concentration regulation and policy technological impacts on particular media sectors information poverty and media access The book also features new topics for political economy study including racism in audience research the value and need for feminist approaches to political economy studies and the relationship between the discourse of media finance and the behavior of markets *New Media Literacies and Participatory Popular Culture Across Borders* Bronwyn Williams, Amy A. Zenger, 2012 How do students online literacy practices intersect with online popular culture In this book scholars from a range of countries including Australia Lebanon Nepal Qatar South Africa Turkey and the United States illustrate and analyze how literacy practices that are mediated through and influenced by popular culture create both opportunities and tensions for secondary and university students The authors examine issues of theory identity and pedagogy as they address participatory popular culture sites such as fan forums video blogs social networking sites anime memes and comics and graphic novels Uniquely bringing together scholarship about online literacy practices and the growing body of work on participatory popular culture *New Media Literacies and Participatory Popular Culture across Borders* makes distinctive contributions to an emerging field of study pushing forward scholarship about literacy and identity in cross cultural situations and advancing important conversations about issues of global flows and local responses to popular culture **The Routledge Companion to Disability and Media** Katie Ellis, Gerard Goggin, Beth Haller, Rosemary Curtis, 2019-10-31 An authoritative and indispensable guide to disability and media this thoughtfully curated collection features varied and provocative contributions from distinguished scholars globally alongside next generation research leaders Disability and media has emerged as a dynamic and exciting area of contemporary culture and social life Media especially digital technology play a vital role in disability transformations with widespread implications for global societies and how we understand communications This book addresses this development from representation and audience through technologies innovations and challenges of the field Through the varied and global perspectives of leading researchers writers and practitioners including many authors with lived experience of disability it covers a wide range of traditional emergent and future media forms and formats International in scope and orientation *The Routledge Companion to Disability and Media* offers students and scholars alike a comprehensive survey of the intersections between disability studies and media studies This book is available as an accessible eBook For more information please visit <https://taylorandfrancis.com/about/corporate-responsibility/accessibility-at-taylor-francis/> *Public Health Perspectives on Disability* Donald J. Lollar, Elena M. Andresen, 2010-11-08 Traditionally the public health viewpoint on disability was geared toward primary prevention of disabling conditions or events More recently with the movement for disability rights and the emergence of disability studies the challenge to the field has been to promote positive health outcomes in this underserved community Such a change in public health culture must start at the educational level yet training programs have generally been slow in

integrating this perspective with its potential for enriching the field into their curricula Public Health Perspectives on Disability meets this challenge with an educational framework for rethinking disability in public health study and practice and for attaining the competencies that should accompany this knowledge This reference balances history and epidemiology scientific advances advocacy and policy issues real world insights and progressive recommendations suiting it especially to disability focused courses or to add disability related content to existing public health programs Each chapter applies awareness and understanding of disabled persons experience to one of the core curriculum areas including Health services administration Environmental health science and occupational health Health law and ethics The school as physical setting Maternal child and family health Disasters and disability In Public Health Perspectives on Disability faculty researchers administrators and students in graduate schools of public health throughout the U S will find a worthy classroom text and a robust source of welcome and much needed change
