Diplomacy By Deception An Account Of The Treasonous Conduct By The Governments Of Britain And The United States:

Diplomacy By Deception John Coleman,2023-11-23 The history of how the United Nations was created is a classic case of Diplomacy by deception The United Nations is the successor to the defunct League of Nations the first attempt to set up a One World Government in the wake of the Paris Peace Conference which gave birth to the Treaty of Versailles The peace conference opened at Versailles France on January 18 1919 attended by 70 delegates representing the international bankers from the 27 victorious allied powers It is a fact that delegates were under the direction of the international bankers from the time they were selected as delegates until they returned to their own countries and even long after that Let us be perfectly clear the peace conference was about bleeding Germany to death it was about securing huge sums of money for the international brigand bankers who had already reaped obscene rewards alongside the terrible casualties of the five year war 1914 1919 Britain alone suffered 1 000 000 deaths and more than 2 000 000 wounded It is estimated by war historian Alan Brugar that the international bankers made a profit of 10 000 from every soldier who fell in battle Life is cheap when it comes to the Committee of 300 Illuminati Rothschilds Warburg Federal Reserve bankers who financed both sides of the war

Taking Off the Blindfold Gyeorgos C. Hatonn,1994-04 *Maps of the Ancient Sea Kings* Charles H. Hapgood,1966 Hapgood utilizes ancient maps as concrete evidence of an advanced worldwide civilization existing many thousands of years before ancient Egypt Hapgood concluded that these ancient mapmakers were in some ways much more advanced in mapmaking than any people prior to the 18th century Hapgood believes that they mapped all the continents This would mean that the Americas were mapped thousands of years before Columbus Antarctica would have been mapped when its coasts were free of ice Hapgood supposes that there is evidence that these people must have lived when the Ice Age had not yet ended in the Northern Hemisphere and when Alaska was still connected with Siberia by the Pleistocene Ice Age land bridge

the coast of Spain carrying false documents indicating that the Allies were set to launch an attack on Greece rather than Sicily Immortalized in the film *The Man Who Never Was* Operation Mincemeat is renowned as the most spectacular episode in the annals of deception In this accurate and in depth retelling of the story Denis Smyth draws on a vast collection of previously unavailable documentary sources to provide many key details overlooked in other accounts of Mincemeat He reveals how the architects of the plan navigated a maze of medical technical and logistical issues to deceive the enemy at the highest strategic levels Before planting the corpse in the Spanish coastal waters via a stealthy submarine operation the planners not only gave their dead messenger a new military identity but also a private one as the fiance of an attractive young woman named Pam Nazi intelligence was fooled falling for a ruse which ultimately saved thousands of American lives

Britain and America in the Era of Total Diplomacy William Thornton Rickert Fox,1972 Correspondence Concerning Claims Against Great Britain United States. Department of State,1869 The United States, Great Britain, and Egypt, 1945-1956 Peter L. Hahn,2014-04-15 Egypt figured prominently in United States policy in the Middle East after World War II because of its strategic political and economic importance Peter Hahn explores the triangular relationship between the United States Great Britain and Egypt in order to analyze the justifications and implications of American policy in the region and within the context of a broader Cold War strategy This work is the first comprehensive scholarly account of relations between those countries during this period Hahn shows how the United States sought to establish stability in Egypt and the Middle East to preserve Western interests deny the resources of the region to the Soviet Union and prevent the outbreak of war He demonstrates that American officials desire to recognize Egyptian nationalistic aspirations was constrained by their strategic imperatives in the Middle East and by the demands of the Anglo American alliance Using many recently declassified American and British political and military documents Hahn offers a comprehensive view of the intricacies of alliance diplomacy and multilateral relations He sketches the United States growing involvement in Egyptian affairs and its accumulation of commitments to Middle East security and stability and shows that these events paralleled the decline of British influence in the region Hahn identifies the individuals and agencies that formulated American policy toward Egypt and discusses the influence of domestic and international issues on the direction of policy He also explains and analyzes the tactics devised by American officials to advance their interests in Egypt judging their soundness and success
