

# *Cold War: Document Analysis*

This activity has two parts:

1) an analysis of selected primary source documents

2) an essay based on your document analysis and your knowledge of United States history

This activity is designed to assess your ability to work with historical documents and compose a historically accurate, critical essay. Some of the documents have been edited for the purpose of this activity. As you analyze the documents, take note about the source of each document and any point of view that may be represented in the document.

## **Historical Context:**

Following World War II, the United States and the Soviet Union emerged as two superpowers. This created a rivalry between the two nations that lasted known as the Cold War. While the Cold War affected United States foreign policy, it also had a great effect on United States domestic policy and on American society.

## **Task:**

**Part A.)** Using information from the documents and your knowledge of United States history, answer the questions that follow each document.

**Part B.)** Using information from the documents, and your knowledge of US history, write an essay that answers the question: How did the Cold War affect U.S. domestic policy and American society?
