The Dream Hacker Timothy Benson,2018-08-13 Your dreams belong to you Theyre private and no one needs to know what happens in them But what if someone could invade your dreams And once in what if that someone could control what happens while you lie there powerless to affect the outcome Dylan Ward can do that Struggling to make partner in a law firm and finding it hard to hold on to a romantic relationship his nightly dreams become his escape into a world that seems far happier than his real one When he learns about the phenomenon of lucid dreaming where the sleeping person is actually conscious of the events in the dream he immerses himself in an attempt to master it Soon his nights are filled with fun and adventure where he has the power to control events and find temporary relief from his mundane life That relief soon pales when he reads an old legend about dream sharing that leads him to the idea of entering and controlling the dreams of others What starts out as an interesting experiment soon turns into an obsession of hacking into the dreams of the people in his life He begins a strange quest for vengeance power love and all the things that are missing from his real world But its when he devises a way to teach other people how to invade dreams that the dangers of his obsession become frighteningly clear The Dream Hacker moves between imagination and reality along the hazy sleeping path that everyone travels but cant really navigate Mixing equal parts of dark humor and the angst of modern culture the story challenges our notions of understanding what is real and asks just how far a person will go to change the course of his life

We Are so Loved Jill Lambert,2017-09-22 When we hear stories of spontaneous healing assistance from angels and loved ones who've passed the laws of physics bending or even breaking to save someone and people using their divine creative power to claim what they desire despite appearances our beliefs change about what is possible for us We Are So Loved is about such miracles and more Many of these stories may seem too fantastic to be true but they are As you read them maybe youll

remember some of your own miracles that you discounted as just a coincidence luck or just your imagination The mystical miraculous experiences Ive had since childhood the stories others have shared with me of divine assistance and moments of grace as well as the miraculous healings I witness as a Reconnective Healing Practitioner have changed my beliefs about what is possible and continue to transform my world for the better on every level of my being Thats what I want for you and why Im sharing them in this book I hope they inspire you to think and believe a little bigger and better than you did before you read them as you realize how Loved you are Who You Really Are and how possible the impossible really is The miraculous experiences in this book are what fuel my lifes mission to share the truth of how Loved we are and how powerful we are when we align with the Love that is our Source of being I hope these stories remind you of the God Within you and all life on this planet that they awaken an awareness of the Love and well being that is constantly flowing to you and help you release the limiting beliefs that have kept you from allowing into your life all that your heart desires We Are So Loved is my first book and just the beginning of much more to come Jill Lambert [Livin' the Dream](#) Michael J.
