Jones,2009 *Creating Inclusive Classrooms* Spencer J. Salend,2005 The fifth

edition of *Creating Inclusive Classrooms Effective and Reflective Practices for All Students* goes beyond the typical inclusion text in its reflective discussions on how to teach students with varying learning abilities. This text contains a lot of the core information that an inclusion text requires and then takes the reader to a higher level by including issues of gender, race, ethnicity, language, socioeconomic status, and family structures. Features of the fifth edition include Principles of effective inclusion as a framework for the text. The following principles are integrated into each chapter and demonstrate that inclusion is not just a government mandate but a principled philosophy for reflective and effective teaching for all students: all learners and equal access, individual strengths and needs, reflective practices, and differentiated instruction and community and collaboration. Classroom-based examples and case studies of teachers implementing effective inclusive educational practices. These examples and cases are integrated throughout the chapter narrative and with the CD-ROM that accompanies the text *Inclusive Classrooms Video Cases* on CD-ROM. This new CD-ROM provides access to living classroom examples of teaching and learning strategies for inclusion. Each video case depicts scenarios that clearly show the impact of inclusion on supporting students with challenging behaviors, preschool classroom climate, elementary assessment and planning, middle and partial participation, and cooperative learning. Secondary: Using Technology to Promote Inclusion. A new feature that uses a variety of formats to present issues, strategies, and resources for using technology to help students gain access to and succeed in inclusive classrooms. The integration of CEC PRAXIS and INTASC professional standards. Each chapter summary demonstrates where chapter content aligns with these standards.

Differentiating Learning Differences from Disabilities John J. Hoover, 2009. Finally a resource that empowers classroom teachers, Interventionists, and Response to Intervention (RTI) team leaders to successfully implement RTI at the school level. In his newest book *Differentiating Learning Differences from Disabilities*, John Hoover presents a roadmap to guide K-12 educators in effectively diagnosing their struggling learners' differences versus disabilities under the RTI framework. He outlines specific behaviors to help identify whether a student has a learning or behavior disorder, struggles due to cultural diversity, or struggles to acquire the English language. Providing thirty reproducible forms for assessment, Hoover leads teachers to tackle their own challenges and differentiate instruction to meet the needs of every student in the classroom based on the Three-Tiered Instructional Framework. Take a peek inside. Numerous evidence-based interventions, particularly those in reading, are provided to assist educators to meet needs in the classroom. Includes more than 30 reproducible forms and guides for educators to use with diverse learners within multi-tiered instruction and response to intervention models. A PowerPoint presentation is available to adopting course faculty and inservice trainers which can be used as a base presentation to build more detailed workshops or interactive class sessions utilizing the contents of the book, access via our Instructor's Resource Center.
