children to learn You might choose to include part or everything that is in the national curriculum or you might not Sue s family found that one of the best things about Road School was the freedom to follow their interests Sue offers plenty of advice based on the lessons her family learned on their Road School adventure such as take into account how learning can happen simply by visiting a place and exploring it Don t feel that you always have to formalise your visit by turning it into a lesson The experience of going somewhere can be memorable and educational in its own right Much of what your children will learn on the road is social and emotional rather than intellectual They learn how to cope how to adapt how to be resilient and how to be brave The challenges and difficulties that you face on the road will teach them all these things without any direct teaching needed at all Involve your children in making decisions about the content of their curriculum particularly when it comes to choosing topics or themes What would they most like to study during your learning journey together You can teach subjects such as English or history through cross curricular themes rather than as discrete lessons Ask your children to decide which topics interest them the most and capitalise on those One of the great things about educating your child yourself is that you get to learn alongside them Not only do you provide a model of lifelong learning but it s also very liberating to learn new things as an adult Remember that teaching is not the same thing as learning You don t have to teach your children directly for a set number of hours each day in order to educate them Learning can take place all the time and anywhere rather than just during school hours It doesn t matter what time of the day or day of the week it is if there is learning happening then your child is being educated Contents include England English Lessons Stepping Out of the System The Netherlands Dutch Lessons The Practicalities Germany German Lessons Cultural Literacy Italy Italian Lessons An Education Portugal Portuguese Lessons Travelling with Children France French Lessons Pussycat Parenting China Chinese Lessons A Road School Curriculum
