You've picked up the right book! The Autism Language Launcher gives you something totally new: a step-by-step guide that ignites language lift-off by using methods such as tapping into your child's innate intelligence, going with your child instead of against your child, and providing techniques that work with adults on the spectrum. Written for parents, relatives, professionals, educators, or caregivers of a child or adult who is not yet verbal, making some sounds, using some words, speaking in single words, or using two-word phrases, this book uses the author's decades of experience with children and adults on the spectrum. Kate also demonstrates how to effectively address your child's echolalia, repetitious language, and repetitive questions in a way that your child will find supportive, bonding, and even joyful. Ultimately, this book shows you how to make language happen. *What You Need to Know about Autism* Christopher Cumo, 2018-11-26 This book offers an accessibly written introduction to autism that makes it an indispensable resource for anyone whose life has been affected directly or indirectly by this condition. Autism is a spectrum of developmental disorders that can range from mild to severe. Individuals with autism often have difficulties with communication, social interaction, and sensory processing, and may engage in repetitive or restricted behaviors. Beyond this definition, however, what finer points and real-life implications of these disorders do individuals and families affected by autism need to know? *What You Need to Know about Autism* is a part of Greenwood's Inside Diseases and Disorders series. This series profiles a variety of physical and psychological conditions, distilling and consolidating vast collections of scientific knowledge into concise, readable volumes. A list of Top 10 essential questions begins each book, providing quick access answers to readers' most pressing concerns. The text follows a standardized, easily navigable structure, with each chapter exploring a particular facet of the topic. In addition to covering basics such as causes, signs, and symptoms, diagnosis, and treatment options, books in this series delve into issues that are less commonly addressed but still critical to understand, such as effects on loved ones and caregivers. Case illustrations highlight key themes discussed in the book and are accompanied by insightful analyses and recommendations.

Să învingem autismul. Metoda revoluționară care a ajutat familia din întreaga lume Raun K. Kaufman, 2017-03-16 In *Să învingem autismul*, autorul prezintă principiile revoluționare aflate la baza programului care i-a ajutat pe el și pe câteva mii de familii cu nevoi speciale. După cum arată Raun Kaufman, adesea autismul este gresit înțeles ca o tulburare comportamentală, când de fapt este o tulburare social-relațională. El explică din proprie experiență ce înseamnă să fii autist și în ce fel Programul Son Rise da rezultate. Un ghid detaliat cu strategii clare și practici pe care cititorii le pot aplica imediat în unele cazuri, părinții observă schimbări la copiii lor în numai o zi. *Să învingem autismul* da o șansă acestor copii să sfideze prognozele inițiale pesimiste. Citind această carte, părinții și educatorii învață să le faciliteze copiilor crearea unor relații pline de semnificație și afecțiune, să îi ajute să își extindă aria de comunicare și să participe cu succes la cele ce se întâmplă în lume.

O lucrare importanta in care se impletesc stiinta progresul si speranta Sa invingem autismul prezinta ideile valoroase si aplicatiile practice care au schimbat deja vietile a mii de familii din lumea intreaga Taria cu care autorul crede in Programul Son Rise caldura cu care vorbeste si metodele eficiente ii vor incuraja pe cititori sa i urmeze sfaturile Publishers Weekly Cartea aceasta trebuie citita de toti parintii de copii cu autism Am asistat nemijlocit la inceputul transformarii miraculoase a lui Raun K Kaufman prin intermediul programului Son Rise Fiica mea care prezenta toate semnele unei faze incipiente de autism duce acum o viata normala pentru ca am stiut exact ce sa fac sa ignor toate predictiile sumbre si s o angrenez in tehnicile descrise in aceasta carte care transforma principiul iubirii neconditionate intr un plan practic si usor de aplicat Dr Wayne W Dyer autorul cartii Puterea intentiei si a altor 30 de titluri **Autyzm** Raun K.
