Degenerative Realism Christy

Wampole,2020-06-23 A new strain of realism has emerged in France The novels that embody it represent diverse fears immigration and demographic change radical Islam feminism new technologies globalization American capitalism and the

European Union but these books often best sellers share crucial affinities In their dystopian visions the collapse of France Europe and Western civilization is portrayed as all but certain and the literary mode of realism begins to break down Above all they depict a degenerative force whose effects on the nation and on reality itself can be felt Examining key novels by Michel Houellebecq Fr d ric Beigbeder Aur lien Bellanger Yann Moix and other French writers Christy Wampole identifies and critiques this emergent tendency toward degenerative realism She considers the ways these writers draw on social science the New Journalism of the 1960s political pamphlets reportage and social media to construct an atmosphere of disintegration and decline Wampole maps how degenerative realist novels explore a world contaminated by conspiracy theories mysticism and misinformation responding to the internet age s confusion between fact and fiction with a lament for the loss of the real and an unrelenting emphasis on the role of the media in crafting reality In a time of widespread populist anxieties over the perceived decline of the French nation this book diagnoses the literary symptoms of today s reactionary revival

A Critic at Large in the Multiverse , **Locating Science Fiction** Andrew Milner, 2012 A major groundbreaking intervention into contemporary theoretical debates about SF It effects a series of vital shifts in SF theory and criticism away from prescriptively abstract dialectics of cognition and estrangement and towards the empirically grounded understanding of an amalgam of texts practices and artefacts

Autour de l'extrême littéraire Alastair Hemmens, Russell Williams, 2012-12-18 The extreme is an essential aspect of contemporary experience Thrill seekers spend the weekend in the search of the adrenaline rush of extreme sports In the political arena the world has begun to rediscover the split between the extreme left and the extreme right Through 24 hour rolling news images of violence torture and war are televised unrelentingly into the living room while the Internet places hardcore pornography snuff film and cannibalism within easy reach of anyone with a personal computer or a smartphone The extreme has even become a quality companies seek to associate with the most banal of commodities such as ice cream and hair gel These different manifestations of extremity suggest a contradictory even paradoxical relationship with the extreme The contributors to this book explore how writing in French from the Middle Ages to the present day has interrogated extremity Taken together these essays demonstrate that the quality of the extreme can be applied to a great number of texts for different reasons and from myriad perspectives Moreover the extreme is revealed as a quality both distinct from and in tension with the crossing of boundaries associated with transgression It is a movement towards and away from a centre of radiation that escapes cultural norms without necessarily reinforcing them This sensation of rushing and wandering outside the boundaries of what is considered safe and normal provides the extreme with its adrenaline charged response of excitement or horror The analyses contained in this volume consider a number of manifestations of the extr me litt raire The ambiguities of gender in medieval romance are explored in the context of the Arthurian court The 19th century is examined through the prose poems of Baudelaire and the litt rature sauvage of the Zutistes The difficulties of writing the trauma of war and genocide in the 20th century are discussed through the work of

Jorges Sempr n and Agota Kristof The contemporary extreme in French literature is examined in the autofiction of Christine Angot the work of Annie Ernaux and Catherine Millet the controversial novels of Michel Houellebecq and the worldwide influence of the Marquis de Sade on writing today Whilst the extr me litt raire may have a wide variety of expressions in French literature it is always outside beyond and far from the centre of our everyday experience It shocks us excites us and horrifies us often all at once This book seeks to provide an insight into how and why the extreme has fascinated and continues to fascinate the French literary imagination

Novels of the Contemporary Extreme Alain-Philippe

Durand,Naomi Mandel,2006-06-08 This book investigates a new form of fiction that is currently emerging in contemporary literature across the globe Novels of the contemporary extreme from North and South America from Europe and the Middle East are set in a world both similar to and different from our own a hyper real often apocalyptic world progressively invaded by popular culture permeated with technology and dominated by destruction While their writing is commonly classified as hip or underground literature authors of contemporary extreme novels have often been the center of public controversy and scandal they and their work become international bestsellers This collection of essays identifies and describes this international phenomenon investigating the appeal of these novels styles and themes the reasons behind their success and the fierce debates they provoked
