Monica Flegel, Christopher Parkes

Bad Seed Play Script:

Alex North, Film Composer Sanya Shoilevska Henderson, 2009-07-31 Alex North 1910 1991 was one of America's most renowned film composers. His musical scores enhanced more than 60 major motion pictures: *A Streetcar Named Desire*, *Cleopatra*, and *Who's Afraid of Virginia Woolf?* among them. He had 15 Oscar nominations and received the Lifetime Achievement Oscar. This book begins with his early life in Pennsylvania and moves through his studies at Juilliard and in Russia and Mexico, his early experiences in modern dance, documentaries, and theater, and his major work in film. The book also offers analyses of North's musical scores for *Streetcar*, *Spartacus*, *The Misfits*, *Under the Volcano*, and *Prizzi's Honor*. Appendices include a bibliography, a filmography, a listing of other North compositions, a discography, and a listing of awards.

Cultures Monica Flegel, Christopher Parkes, 2018-04-19 This book explores how alarmist social discourses about cruel young people fail to recognize the complexity of cruelty and the role it plays in child agency. Examining representations of cruel young people in popular texts and popular culture, the collected essays demonstrate how gender, race, and class influence who gets labeled cruel and which actions are viewed as negative, aggressive, and disruptive. It shows how representations of cruel young people negotiate the violence that shadows polite society and how narratives of cruelty and aggression are used to affirm or to deny young people's agency. **Catalog of Copyright Entries, Third Series**, 1958 **The Actor's Art**

Jackson R. Bryer, Richard Allan Davison, 2001 Biographies are so much more than lists of teachers' roles and awards. *The Actor's Art* conveys stories about numerous productions, insight about becoming and being an actor, and opinions about issues such as color-blind casting and the future of theatre. Together, these conversations form lively thought-provoking sketches of such stars as Hume Cronyn and Jessica Tandy, Ruby Dee, Julie Harris, Cherry Jones, James Earl Jones, Stacy Keach, Nathan Lane, and Jason Robards. *The Actor's Art* demonstrates the value of listening and the pleasures of reading. Maxwell Anderson, 1955 **Lost Films of the Fifties** Douglas Brode, 1988 How do you define forgotten? A lost film to my mind is a movie that has yet to evolve as a cult film but which has the potential to. One rule of thumb in compiling the hundred films I write about here and the selection process was a long, painful one: was that I would severely limit the number of films featuring big stars. I put a high priority on emphasizing movies that ought to be anthologized but which probably never would unless I included them here. From Introduction **Lethal Performances** Otilie P. Klein, 2017 This book provides an in-depth analysis of representations of female murderers in modern American drama. Paying close attention to

the plays plot form and style the study seeks to come to terms with the dramatic and cultural function of this phenomenon Given the rarity of female murder in real life the popularity and prevalence of this theme in culture is striking and unsettling at the same time After all a woman who kills not only violates against basic social rules but also upsets gender norms This potential to break with an ideology that rests on hierarchically structured gender binaries equips the figure of the female murderer with the power to symbolically kill established views about gender and sexuality It is this ideologically disruptive potential that makes the female murderer a fascinating object of study as her cultural figuration may provide information about the meaning assigned to women at a certain historical moment
