Congress. Senate. Committee on Foreign Relations,2014 This report by the committee s majority staff examines the U S assistance and diplomatic approach to Afghanistan amid the security and political transitions taking place in the country This report examines increasing accountability for U S assistance refining the U S assistance approach and creating a more robust U S diplomatic posture and civilian presence and offers a series of recommendations for the U S Government as it engages the new government in Kabul and contends with the remaining security and development challenges across the country *US Assistance, Development, and Hierarchy in the Middle East* Anne Mariel

Zimmermann,2016-12-21 What does US aid buy in the Middle East Drawing on extensive primary source research this book examines the role and consequences of US aid to three countries in the Middle East The author argues that the political survival strategies of incumbent leaders in Egypt Israel and Jordan shaped not only the type of aid that these countries received from the US but also its developmental and geopolitical impact Leaders who relied heavily on distributing selective benefits to their ruling coalitions were more likely to receive forms of US aid that complemented their distributive political economies and undermined the state s developmental capacity which simultaneously rendered them more dependent on US resources and more likely to cede fragments of their sovereignty to their major donor Non distributive leaders however could reap the full benefits of highly discretionary and technologically sophisticated aid incorporating it into developmental policies that rendered them progressively less dependent on Washington and better able to say no when it was in their best interest

General for Iraq Reconstruction,2009 Product Description The billions of dollars expended in Iraq constitute the largest relief and reconstruction exercise in American history SIGIR s lessons learned capping report characterizes this effort in four

phases pre war to ORHA CPA post CPA Negroponte era and Khalilzad Crocker and the Surge From this history SIGIR

forwards a series of conclusions and recommendations for Congress to consider when organizing for the next post conflict reconstruction situation Over the past five years the United States has provided nearly fifty billion dollars for the relief and

reconstruction of Iraq This unprecedented rebuilding program implemented after the March 2003 invasion was developed to

restore Iraq's essential services build Iraq's security forces create a market based economy and establish a democratic government all in pursuit of U.S. interests in a stable and free Iraq Did the U.S. rebuilding program achieve its objectives Was the money provided well spent or wasted What lessons have we learned from the experience Hard Lessons The Iraq Reconstruction Experience a report from the Special Inspector General for Iraq Reconstruction SIGIR answers these and other important questions by presenting a comprehensive history of the U.S. program chiefly derived from SIGIR's body of extensive oversight work in Iraq hundreds of interviews with key figures involved with the reconstruction program and thousands of documents evidencing the reconstruction work that was or was not done The report examines the limited pre war planning for reconstruction the shift from a large infrastructure program to a more community based one and the success of the Surge in 2007 and beyond Hard Lessons concludes that the U.S. government did not have the structure or resources in place to execute the mammoth relief and reconstruction plan it took on in 2003 The lessons learned from this experience create a basis for reviewing and reforming the U.S. approach to contingency relief and reconstruction operations
