monotheist cosmology and eschatology **A Modern Credit Rating Agency** Daniel Cash,2023-09-22 This book aims to present a picture of one of the world's leading credit rating agencies Credited as being the first credit rating agency Moody's stands as the epitome of the rating sector and all that it effects However outside of internal and non public histories compiled within the rating agency itself the story of Moody's has never been told until now However this is not a historical book Rather this book paints a picture of Moody's on a wider canvas that introduces the concept of rating to you taking into account the origins of the sector the competitive battles that formed the modern day oligopoly and the characters that have each taken their turn on sculpting the industry that today is critical to the modern economy The book is a story of personable people who provided the market with what it needed but it is more than that It is a story of conflict impact strategy and most of all the relationship between big business and modern society Standing as the gatekeeper to the capital markets that form the core of modern society Moody's represents the very best of what the marketplace can produce but also the very worst This story takes in economic crises in the antebellum US the Panics of the early 1900s the Wall Street Crash and the Great Depression and of course the Global Financial Crisis It does this because at the heart of each one was a member of the rating industry or the reporting industry that preceded it Associated with almost any financial scandal you may care to remember the credit rating agencies in their often uncomfortable role as gatekeepers have their fingerprints on most financial scandals and calamities This book tells the story of the industry's founding member The Great Devaluation Adam Baratta,2020-07-21 1 Business Bestseller Wall Street Journal Amazon USA Today The Great Devaluation may be one of the most timely books ever written on the state of the global economy Baratta sums it up simply enough with the following idea What seems crazy in normal times becomes necessary in a crisis The Great Devaluation is the 1 bestselling book that explains why the real crisis facing the world today is not the Coronavirus The real crisis facing the world is explosive government debt and deficits Governments are now left with no choice but to spend more than they make borrow more than they can ever repay and devalue their currencies to cover it all up Former Hollywood storyteller Adam Baratta brings monetary policy to life in this follow up to his national bestseller Gold Is A Better Way You'll learn how and why Federal Reserve policies have facilitated an explosion in government debt and have systematically undermined the world financial system in the name of profit The result An out of control system where financial inequality has become a ticking time bomb set to blow up the global economy

Overwhelming Methodology of Deception Max Adam Duncan,2022-05-04 There was a dilemma with writing this book In order to understand the tip of the iceberg it's necessary to understand the iceberg Unfortunately if you don't believe the tip of the iceberg you're certainly not going to believe the iceberg Jesus said If I tell you earthly things and you don't believe me how can I tell you heavenly things It took me about ten years but I finally made the iceberg believable and understandable to most people The book involves government conspiracy which is the very tip of the iceberg The book explains the iceberg first and works its way up to conspiracy To understand the iceberg it was necessary to push the

envelope of the conventional realm of perceived reality and go into metaphysics galactic allies and galactic enemies The book explains how humanity is going to go through a transitional period and into a new paradigm of experience Although this book often quotes from God what we call God and Jesus it s unquestionably not a religious book **Freedom Justice**

Community John G Root Jr,2024-06-12 Money makes the world go round This should be Money goes round the world We have a world economy that could be benefiting everyone Money is like manure it is only good when it is spread around Everyone s work needs to be fertilized with the right amount of money for society to be healthy Money is the root of all evil or the love of money is the root of all evil Do we assume that the problem is human nature not money itself This book demonstrates that the problem is not human nature and it is not money itself The problem is who issues the money how it is issued and what it is issued for Monetary reform is necessary but not sufficient to bring about the world we know in our hearts To bring about the world we know in our hearts we must share that knowing with each other This book aims to show that when the individual is Free to express the love that wells up naturally to fulfill their life s purpose when society is Just because it is based on the people s active consent and participation in adjudicating remediating harm and when everything that the people provide each other to satisfy their needs and desires is the result of a voluntary initiative inspired and supported by the Community and funded as a right then the individual will be sovereign and will be creating contributing to and maintaining a society that benefits everyone *The Beast Who Once Was: New Insight into End Times Prophecy* Chris Relitz,2014-04-26 The Bible says that there was a beginning of things and that there will be an end Near the end we will see a hero and a villain arise the son of God will battle the son of Satan The prophecies in the Bible have a great deal to say about this but one prophecy has been overlooked until now I will explain to you the mystery of the beast who once was now is not and yet will come This calls for a mind with wisdom Revelation 17 7 9 Here we are told that the Beast the son of Satan once lived but at one time he was not alive and that he would live again The Beast will seem to recover from a fatal wound Revelation 13 3 Not a nearly fatal wound He will seem to recover from death In the end times he will be seen to rise from the grave in imitation of Jesus Christ Who was the Beast But more importantly why is that mysterious fraternity of Freemasons preparing to come to his aid We will examine their own writings and rituals to confirm that they are devoted to the Beast who once was Hidden Finance, Rogue Networks, and Secret Sorcery Joseph P.
