Pneumatology Doctrine Of The Holy Spirit:

The Shape of Pneumatology John McIntyre, 2004-07-01 Addresses one of the most difficult aspects of the doctrine the heterogeneity of the biblical and traditional material from which it is derived and points to the areas where church must act to recover the sense of the immediacy of the Holy Spirit

Pneumatology Veli-Matti Kärkkäinen, 2002-06-01 One of the most exciting recent developments in theology has been an unprecedented interest in the person and work of the Holy Spirit In fact Veli Matti Karkkainen describes this phenomenon as a pneumatological renaissance But such discussion should be informed he contends by two overarching principles First we must acknowledge the variety of approaches to the experience of the Holy Spirit ecumenically No church can claim a monopoly on the Spirit and no tradition is specifically spirited Second talk about the Spirit must always be contextual and therefore culture specific The spirit of God indwells believers and creation in specific and tangible ways Working from this perspective the book introduces readers to pneumatology the theology and spirituality of the Holy Spirit in current international theology As such the work offers a biblical historical and theological assessment of the Third Person of the Trinity However unlike most textbooks on pneumatology Karkkainen takes a fresh innovative approach Rather than focusing on any single topic his aim is to chart the various territories of contemporary writings and reflections on pneumatology Consequently the volume examines various theological and denominational understandings of the Spirit all major Christian traditions are reviewed assesses key contemporary theologians of the Spirit e g Pannenberg Moltmann and Pinnock and inquires into several contextual approaches e g liberation feminist and green These distinctives and the emphasis on the contemporary global scene make this a unique volume An up to date survey of the most noteworthy and theologically pregnant orientations to the Spirit in the worldwide ecumenical and intercultural scene this work will guide readers in discerning the Holy Spirit s activity at the beginning of the third millennium discusses ecumenical international and contextual pneumatologies ecumenical emphasis ranges from Eastern Orthodox to Pentecostal charismatic international scope gives voice to African and Latin American perspectives covers major pneumatologies provides a comprehensive bibliography

Pneumatology Gregory Brown, 2020-09-25 There is great confusion and controversy over the doctrine of the Holy Spirit Who is he and what does he do Is he some type of force Is he an energy or a thing Likewise topics such as spiritual gifts the baptism in the Spirit and being filled with the Spirit tend to incite differing views and discord even amongst the sincerest and most devoted Christians Because of all this some have hesitated to study or teach on the Holy Spirit This is unfortunate since the Holy Spirit makes possible both the redemption John 6 8 9 Rom 8 11 and sanctification 1 Pet 1 2 of believers In addition the Holy Spirit in a unique way makes the truth power and presence of

the Godhead experiential For these reasons the study of the Holy Spirit and his ministries should be fervently pursued and enjoyed Let s study him together with the Bible Teacher s Guide The Bible Teacher s Guide will help any teacher study and get a better background for his her Bible lessons In addition it will give direction and scope to teaching of the Word of God Praise God for this contemporary introduction to the Word of God Dr Elmer Towns Co founder of Liberty University

Role of the Holy Spirit in Protestant Systematic Theology Wilson Varkey, 2011-08-01 This volume is a meticulously researched text on pneumatology which puts the major pneumatological issues together without confining to the traditional way of dealing with the doctrine of the Holy Spirit Although pneumatology has been a neglected field in theological discussions of the past there is a renewal of interest among theologians on pneumatology today This renewal of interest has led to the formation of this work on the role of the Holy Spirit in the Protestant Systematic Theology Through highlighting the role and significance of the Holy Spirit in the whole divine action this volume contends that pneumatology is not a dull theological locus but rather an essential theological disposition relevant for today The detailed arguments found within challenge and inspire the contemporary pneumatological discussions as it relates to all the facets of theological reflection and action

The Holy Spirit as Communion I. Leon Harris, 2017-09-26 In The Holy Spirit as Communion Leon Harris examines the pneumatologies of Colin Gunton and Frank Macchia For both theologians the doctrine of the Holy Spirit is foundational to understanding their doctrine of God Christology and ecclesiology Drawing on the theme of communion The Holy Spirit as Communion expresses the concept that the Holy Spirit is the person who perfects the divine nature and personhood of the Father and Son It is the Holy Spirit who perfects the eternal communion within the divine Trinity which is the source of the divine action that also perfects the communion in creation as an expression of the Father's will through Jesus Christ The Holy Spirit as Communion explores the essentiality of the Holy Spirit through a unique approach to Spirit Christology Gunton is represented by a radicalized version of Chalcedon Christology and Macchia formulates his account through the overarching metaphor of Spirit baptism Therefore the doctrine of God Christology ecclesiology and eschatology cannot be construed without a proper account of pneumatology that takes into consideration the eschatological perfecting work of the third person of the Trinity who perfects creation's koinonia as a gift from the Father through the grace of Jesus Christ

The Spirit of Liberation Tae Wha Yoo, 2019-12-30 With this study on Moltmann's pneumatology the author

recently obtained the doctor's degree from the Faculty of Theology of the Free University in Amsterdam. First of all, the book provides us with a thorough evaluation of the role the Holy Spirit plays in the theology of Jürgen Moltmann in its subsequent phases. The author's conclusion is that despite all differences, there is one constant factor: the Spirit is always connected with freedom. The Holy Spirit, according to Moltmann, is a liberating power. Because the author is eager to place Moltmann's pneumatology repeatedly in the context of his theology as a whole and of its developments, this book offers, and that is a second quality, an outstanding insight in the whole of Moltmann's theology and its development throughout the years.
