has adopted a more moderate and mundane approach Instead of using its traditional religious rhetoric the Christian Right has successfully projected its foreign policy preferences into the conventional realist discourse of American foreign policy that was largely based on the objective of national interest and national security **Gender and Political Analysis** Johanna Kantola,Emanuela Lombardo,2017-03-15 A major new text on gender and politics by two leading authorities which introduces the main issues and debates about the politics of gender and its role in both domestic and international politics and feminist approaches to political analysis **Principles and Politics in Contemporary Britain** Mark
