Staying on the Path (EasyRead Super Large 24pt Edition) , *Higher Vibrations for Health, Happiness, and Harmony* Brian Withers, 2015-06-19 Higher Vibrations for Health Happiness and Harmony shows you why your life is the way it is the good the bad and the ugly and how to take back your power so you can take charge of what happens in your life What we must realize is that much of our influences in our growing years were unaware of some critical pieces of knowledge about who we are as a complete human being and the power we possess to direct and navigate our life In the absence of these missing pieces of knowledge we as a human race have taken on many faulty and limited beliefs about ourselves and about the way life is to be lived This has profoundly affected the quality of our life The missing pieces of knowledge not only connect us with our true power as a human being but they connect us with the fundamental laws that govern everything in the universe and empower us to co create the life of our desires Without this knowledge not only is it virtually impossible for any of us to live a complete life of balance and fulfillment but collectively we cannot achieve world harmony and peace because we are operating with faulty and limited beliefs In this book you will find the truth of your power and the natural laws and how to use those to not only live the life you came to this planet for but to strongly influence world peace and harmony without lifting a finger You have that much power within you you simply need to learn how to use it intentionally The Shift Dr. Wayne W. Dyer, 2010-03-01 The 1 New York Times best selling author of Excuses Begone The Shift the book inspired by the movie of the same name illustrates how and why to make the move from ambition to meaning Download The Shift and allow these lessons to guide you down a more authentic and rewarding path today As we contemplate leaving the morning of our life where ego has played a commanding role and entering the afternoon and evening where meaning and purpose replace ambition and struggle we may encounter unexpected occurrences that accompany this new direction It s almost a universal law that we ll experience a fall of some kind Yet these falls or low points provide the energy we need to move away from ego and into a life of meaning and purpose The Shift doesn t mean that we lose our drive and ambition it signifies that we become ambitious about something new We make a commitment to living a life based on experiencing meaning and feeling purposeful rather than a life based on never ending demands and false promises that are the trademark of the ego s agenda
